New Access Point Funding Asher Community Health Center

Asher Community Health Center is proud to announce that it has been selected for Fiscal Year 2026 New Access Point funding through the Health Resources and Services Administration's Bureau of Primary Health Care. According to HRSA's FY 2026 New Access Points award list, Asher Community Health Center is the only award recipient in the State of Oregon.

The federal New Access Points investment is designed to expand the reach of the Health Center Program by supporting new sites and expanded access to comprehensive primary care in medically underserved communities. Nationally, HRSA announced more than \$102 million in FY 2026 New Access Points awards to support 158 health centers and help establish hundreds of new access points across the country.

For Asher Community Health Center, this award represents a major step forward for residents of Christmas Valley, North Lake County, and neighboring rural communities who face long travel distances and limited local healthcare options. The funding will help sustain and expand care at ACHC's Christmas Valley Clinic, and strengthen access for residents of Christmas Valley, Silver Lake, Sumer Lake, Paisley, and surrounding areas. This award will help Asher Community Health Center bring more consistent, accessible, and comprehensive healthcare closer to home for rural residents. The anticipated community benefits include:

- Expanded access to affordable primary care for residents
- Improved continuity of care for children, working families, seniors, agricultural workers, and others who may face barriers to traveling for services.
- Stronger local care coordination, including support for insurance enrollment, transportation, food access, housing resources, and other social needs.
- Additional opportunities to connect patients with dental care, behavioral health, specialty referrals, *telehealth*, and community-based partner services.
- Reduced travel burden for residents who currently must travel long distances to reach routine and preventive healthcare services.
- Reduced travel burden for residents who currently must travel long distances to reach routine and preventive healthcare services.

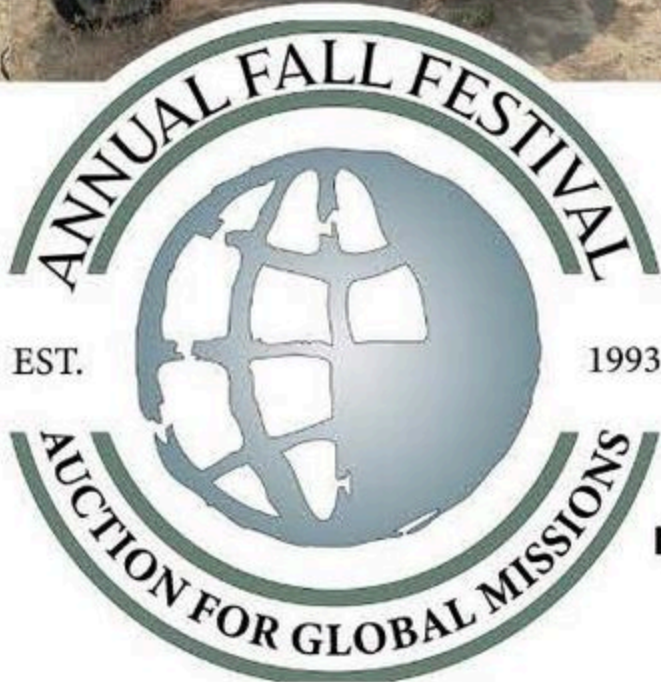

"This award is a meaningful investment in rural Oregon and a powerful affirmation of the need for accessible healthcare in frontier communities," said Teresa Hunt,

of Asher Community Health Center. "For Christmas Valley and North Lake County, it means that more residents will be able to receive primary care, preventive services, and care coordination closer to home."

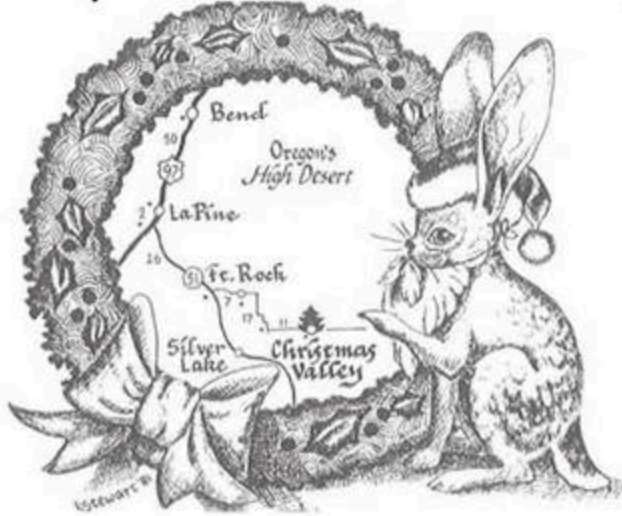

Asher Community Health Center is honored to be Oregon's only FY2026 New Access Point award recipient, and we are committed to using this opportunity to strengthen local access, support families, and continue building a healthier future for Lake County and the surrounding communities we serve."

Christmas Valley Library Update

The Christmas Valley Library has moved into a temporary home at the Lake County Annex, keeping books, computers, Wi-Fi, and programs available while the new library building is being planned.

Where to Find It:

The Annex is located at 87127 Christmas Valley Highway.

To get there, head along the main highway toward the County Road Department buildings.

The Annex sits just east of the commercial area—look for the county Annex sign on the south side of the road.

Why the Move Happened:

Lake County received a \$1.5 million federal grant to build a new 5,000-square-foot library. While the county reviews construction bids and prepares the building site, the Annex provides a stable place for library services.

What's Next:

The bid window for construction has closed, and the county is reviewing contractor proposals. Library services will continue at the Annex until the new building is complete.

Library Information:

The hours are Tues & Thurs 10-5 and closed for lunch from 1-1:30. Saturday hours are 10-3.

The door stays locked due to proximity to the Sheriff's office so please knock.

A True Gift!

The Humane Society of North Lake County is excited to announce our upcoming partnership with the Companion Animal Medical Project (CAMP) to host a free pet vaccine and wellness clinic!

Keeping our pets healthy is a top priority, but routine veterinary care can sometimes present a financial challenge.

Through this collaboration, we aim to support local pet owners by offering essential preventive care at no cost.

The clinic will provide core vaccinations, basic wellness check-ups, and valuable care resources to ensure our community's cats and dogs stay happy, healthy, and safe.

As your hosts, the Humane Society of North Lake County remains dedicated to advocating for animal welfare right here in our community.

We are deeply grateful to partner with CAMP to bring these vital medical services directly to our neighbors.

Sage Credit Union (previously Pacific Crest FCU) was founded in 1936, originally serving timber industry employees and their families. Over time, we've grown alongside the communities we serve, updated the technology, and stayed focused on what matters most: providing trusted, local financial support.

Today, we're expanding across our region. The Lakeview branch is moving into a larger location, and we're excited to open a branch in **Winnemucca in 2026!**
