# Christmas Valley Golf Course

## New Season of Golf to Commence Soon

The Christmas Valley Golf Course is managed by the North Lake Park and Recreation District. The district maintains the course and other properties through: taxes generated only from residents of the township of Christmas Valley, greens fees, advertising revenue from the Desert Whispers newspaper, and Contributions from donors and volunteers

Annual memberships for individuals and families are offered, as well as daily greens fees. Christmas Valley resident and non-resident fees are the same. These memberships and fees are crucial to our operations and we are grateful for your support. The District Board asks

## Taken From The Top...

Sixty years ago I remember someone asking my dad about the "mess in Washington." Looking back, I can't help but wonder what mess—at least by comparison to now. Nevertheless, I'll never forget my dad's answer, "I don't know what to do about it, and if I did it wouldn't do any good. Nobody would be able to understand it."

I remember a high school classmate's comment on economics: "We don't have it. It has us." Today it seems we experience both these things—to the tenth power.

Most of the western world entered the Twentieth Century with great optimism. In the next 100 years we discovered that much of what we hoped to achieve is beyond human capability. Sure we've had "progress." That progress has led to more efficient ways to kill each other on

purpose and by accident. Progress has brought us identity theft and loss of privacy. It's brought us so much communication we have lost intimacy. We entered the Twenty-First Century with cynicism.

We have "progressed" from one massive Cold War to 1,000 little hot wars. Some of us humans even choose to die in hopes of taking others with us or starting a war. Too often our technology leaves us wondering how to handle it safely and ethically.

So, is survivalism in order? Do I want to hole up in some bunker and wait for

## Thank You

We would like to let this community know the "Old-Time" tradition of friends and neighbors helping each other in times of need is still going strong!

My wife had a back operation and we didn't know how she would be able to get up and down our front steps. We arrived home to find our driveway cleared of snow, and a long ramp had been made for my walker. We were also visited by some of the same people, who brought us three big hot dishes of great food.

We would like to thank Kenny, Amber, and "Crash" LaPlant, Adam Kirkland, Lonnie Dickenson, and Shawn Cross for everything they did for us, without being asked, in our time of need.

Sincerely,

Joe and Rose Rodgers

that all players who pay for these services encourage non-paying players to contribute their fair share, as well.

Off-season daily greens fees have been reduced from \$15 to \$10 per day. Off-season is November 1st to April 1st.

A Two-Man Scramble Tournament: is planned for the first weekend in July. A barbecue follows the tournament. Details will be in the June Desert Whispers.

Volunteers have suggested a "Ladies' Day" event. Watch for more information. And, if there is adequate interest, let's plan a "Clean-up Day" with a barbecue to follow.

Would you like to become a Christmas Valley Golf Course volunteer? These hard-working volunteers are invaluable to the North Lake Park and Recreation Board and we very much appreciate their time, passion and dedication. Contact Carl Shumway 541-576-2477, John Chappell 541-576-3512, or John and Virginia Runge 541-480-8832 if you'd like to help.

Do you have suggestions for the North Lake Park and Recreation board? Would you like to have another tournament, match play or stroke play? Let the board know your interest! We want to support golfers and we're looking for ideas. Contact the North Lake Park and Recreation office or any board member.

## Christmas Valley Golf Course Rules and Info.

"Unlike many sports, golf is played, for the most part, without supervision of a referee or umpire. The game relies on the integrity of the individuals to show consideration for other players and to abide by the rules. All players should conduct themselves in a disciplined manner, demonstrating courtesy and sportsmanship at all times, irrespective of how competitive they may be. This is the spirit of the game of golf." - USGA

Please be aware of and abide by accepted golf etiquette. A review of these behaviors may be found on the USGA's website: [www.usga.org](http://www.usga.org)

### CV Golf Course Rules and Info.

1. All players shall hold current annual memberships or pay daily greens fees, or shall be liable for theft of services. Ownership of land adjacent to the Golf Course or employment/volunteering with the Christmas Valley Park and Recreation District do not entitle free golf privileges.

2. Fees: Annual membership (March 1 through February 28 of each year - Annual memberships are not pro-rated)  
Individual membership: \$175  
Family membership: \$225  
(Family memberships include all family members who permanently live in the same residence.)  
Greens fees: during the season: 9 holes: \$15 or 18 holes \$20; off season: \$10 for all day (Nov 1st - Apr 1st)

3. If you pack it in, please pack it out.

## FORT ROCK HOMESTEAD MUSEUM

### An Inland Freshwater Sea

M.E. "Jack" Swisher  
Fort Rock Homestead Museum

Imagine a body of water extending from the foot of the photographers' point at Flattop Butte, lapping against the shores of Connley Hills (10 miles away) and 20 miles beyond to the flanks of Hager Mtn. Not so long ago, Fort Rock was an island surrounded by an inland freshwater sea of about 1,000 sq mi. We imagine colonies of pelicans, cormorants, and gulls nested there as they do in most islands of Great Basin

lakes. Do microscopic eggshell fragments and fish bones rest among its cracks and crevices? That would be an interesting MS thesis for a student interested in ornithology and getting a handle on when the lake cycles waxed and waned.

Last year the Fort Rock Homestead Museum provided 2,500 visitors the opportunity to explore – for learning, inspiration and enjoyment. The public is encouraged to attend board meetings, as we prepare for the 2016 Season.

The Board of Directors meet the second Tuesday each month at 9:30 a.m., in the visitors center at the Fort Rock Homestead Museum.

## Fixing the Mess *From page 1*

Armageddon? Actually, I don't. I suppose my head goes into the sand from time to time. However, unlike many, I do not believe we are automatons. We do have say about our lives in spite of the fact that left to ourselves, we dash headlong toward doom. I believe there is hope.

I see hope whenever I look out my window. Every day I marvel at the intricate geological processes that go into our earth. I marvel at the miracle of water evaporating from the sea, falling on the land (except here in the Great Basin), and flowing back to the sea to start over. I see order here, in spite of what we humans may do to confuse it. Order means something, I believe. Someone stands back of our earth watching and tweaking. I do not believe we're left to ourselves.

Like my dad, I have no clue how to fix this world. Meantime I hope to leave it a fraction better than it was before I came. An old song says, "I don't know about tomorrow...but I know who holds the future." I can say that for myself. I firmly believe history is going somewhere, and I'm along for the ride. So long as I know who plans the route, I can enjoy the journey.

## Herb Actions *Continued from page 7*

be demulcent and emollient. These herbs include: Comfrey, Fenugreek, Flaxseed, Iceland Moss, Irish Moss, Mallow, Marsh-mallow, Quince Seed, and Slippery Elm.

Herbs with **NERVINE** action have a beneficial effect on the nervous system and tones and strengthens it. Some act as stimulants, some as relaxants. Included are: Balm, Black Cohosh, Black Haw, Blue Cohosh, Bugleweed, Chamomile, Cramp Bark, Damiana, Ginseng, Hops, Kola, Lady's Slipper, Lavender, Lemon Balm, Lime, Lobelia, Mistletoe, Motherwort, Oats, Pasque Flower, Passion Flower, Peppermint, Red Clover, Rosemary, Skullcap, Tansy, Thyme, Valerian, - Vervain - Wild Lettuce - Wormwood.

An **OXYTOCIC** stimulates the contraction of the uterus and can help in childbirth. Beth Root, Blue Cohosh, Golden Seal, Rue, and Squaw Vine are all oxytocic action herbs.

I will finish up this series of articles in the next issue of the Desert Whispers.

# Tips on playing Christmas Valley Golf Course

Christmas Tree Road

## Hole #1 - 163/153/119 Par 3

This hole is fairly easy, however the green has a decided pitch that makes 3-putting a constant danger. Beware of rolling off the right side as your lie may be difficult. Better to be short than over.

## Hole #2 - 335/324/278 Par 4

Hole two deceives the eye. It is best to aim toward the black and white 150 yard pole and to be slightly right if anything. The green is elevated and somewhat terraced. The slope off the back of this green means going over will most likely present a difficult chip.

## Hole #3 - 429/418/356 Par 4

A slight dogleg left into the middle of the fairway will provide an open approach to the green which while slightly elevated is again one which slopes off the back side making short a much better choice than long.

## Hole #4 488/435/351 Par 5/4

This dogleg left requires an accurate drive with a second shot bringing you near the three-foot mounds in front of the green. Beware of the dry pond (aka flamingo habitat) on the left as this hazard demands one play by the rules. The green is somewhat elevated but quite level and should present many birdie opportunities.

## Hole #5 - 201/191/169 Par 3

A fine one-shotter into the prevailing wind will reach the green. Birdies will be scarce due to the slope of the green.

## Hole #6 - 577/514/451 Par 5

Two long and accurate shots to the point of the turn of this serious right dogleg will leave a nice approach to the elevated green. The risk is to take the second shot over the corner which is a wasteland of sand and sage almost to the green. The green slopes and putting must be accurate to get that circle on the score card.

## Hole #7 - 386/335/267 Par 4

Although this is a straight-away hole, the cupped green and the large mound in front of the green make the hole more difficult than it appears from the teeing ground. The green is fairly level, making long puts doable.

## Hole #8 - 362/354/302 Par 4

Although this is a short Par 4, its green is the most difficult to hold as it slopes away from the lie of shots and is protected by ten-foot mounds. Be happy with a par.

## Hole #9 - 380/353/268 Par 4

A wasteland area divides the fairway near the 150 yardage and makes shots steered away from the lake to the left more difficult. Best to land out past the 150 pole and slightly left for the best approach.

### Please note:

The entire right side of the course, with the exception of Hole #1 is out of bounds ten yards into the sage or when it is obvious your ball is on private property.

## It's A Hillbilly Weddin' and Y'all are Invited!

Pa Belsnickle is a man with six problems—in the form of six unmarried daughters. Juney Lou, his third daughter, wants to marry Homer Upchlager, but Ma Belsnickle has decided Juney Lou can't get married until Ceelie, a ripe old nineteen, and Bonnie Mae, the bookworm, are married and living happily ever after. She elects Pa to find husbands for them.

The Stage Rat Players present their production of "A Hillbilly Weddin'" the first two weekends in March. So gather up all yer kin-folk and come enjoy the show.

A pre-show dinner for the entire clan is available Saturday, March 5th.

## New Business: Wellness Nursing's Way, Inc. Submitted

Widenoja

Patricia Widenoja is a Doctor of Nursing Practice and certified as a Family Nurse Practitioner. She is opening a business called Wellness Nursing's Way, Inc. Wellness Nursing's Way Inc. strives to create

a space where clients can acknowledge, accept, and connect with their greater potential in order to transform their health and well being. Transforming and maximizing what is available can create a sustainable healthy lifestyle, so that each individual's wellness ripples back to the community.

**The Mission of the business is:** Making your life better so you can be all that you want to be. **The Vision is:** Wellness as a Way of life. **The Assumptions are:** 1) Individual wellness spreads to our community and the greater whole. 2) The individual is the expert on their life, health, and state of wellness. 3) Wellness always exists, even during illness. 4) The story we tell ourselves defines how we view our wellness. 5) We are all connected, so relationships matter! 6) Relationships result in exchanges of energy and resources. Scarcity of resources causes them to be valued, which creates a need to recycle/re-purpose/exchange/share.

The business will be Located at **83925 Christmas Valley Highway**; that address is on the right side of the road half a mile west of the intersection of Christmas Valley Highway and Oil Dri road. Patricia is still working part-time in Klamath Falls, so the **Hours are by appointment only 541 576-2301**, leave a message and she will get back to you.

There are many plans afoot for classes, studies, and several services. The business is just starting, so equipment and supplies for a traditional practice are lacking, but the most important tool is the client's willingness to engage and work with the practitioner. One service that will be immediate is **institutional pay for laboratory test**. Traditionally the insurance is billed,

resulting in a much higher cost. For those with high deductibles institutional pay **allows the client to pay at the time of the collection**, and the institution pays the laboratory, resulting in quite a savings. **Kari Meyer** has agreed to open for laboratory collection **by appointment only each Tuesday and Thursday morning**.

At this time the business is operating on a **cash pay only at the time of service**. Patricia is **NOT** signed up nor **accepting insurance** at this time. You can get a form to bill your own insurance if you desire. There is an opportunity to negotiate paying a portion of the bill by doing certified community service **BEFORE** your appointment-there are rules to be applied and Patricia reserves the right to refuse to negotiate. Patricia will also offer a **free half-hour consult** to determine if this service is for you.

# North Lake School Writers Share Their Creativity

## Sasquatch

By Christopher Murray

It all started when I was tromping through the sagebrush behind North Lake School. I spotted the biggest, ugliest, Sasquatch in my life! My friends and I thought that it would be fun to throw a rock at him. Brian looked around and found the biggest rock he could throw. Brian threw the rock as hard as he could. The rock flew through the air and hit the Sasquatch in the eye. Then the Sasquatch started to come towards me and my friends. My friends and I screamed! They ran away, but I hid in the brush and waited for him to walk away. As he walked through the trees; towards the highway, I quietly followed.

Sasquatch headed in the direction towards LaPine. He had no idea that I was following him. After a while, I lost sight of him in the forest. I became scared that he would get me. So as I made my way back to the road. When suddenly, a twig snapped! I turned around and the Sasquatch was there in the middle of the road behind me. Between us were 10 Zombies staring at me and moaning.

Everything happened so fast and the next thing I knew a semi-truck came speeding in my direction really fast. I jumped off the road into the ditch. The truck plowed through all 10 of the Zombies, splattering their intestines all over the front of the semi and road. The tail end of the semi whipped around and clipped Sasquatch's leg. He lets out a blood curdling scream...then drags himself back into the woods.

I was shocked at the turn of events! Most of all I was happy that I was no longer in danger. When the truck driver got out of the truck I realized it was my best friend, Allen. My best friend saved my life! We high-fived then we both jumped into the truck and headed to Disney Land!

## What Is Life

By Kristyn Kellogg

Life is about having fun every day,  
And doing what makes you happy.  
Life is about helping others,  
And smiling on the bad days.  
Life is about living every day  
to the fullest.

Life is about the ups and downs,  
The good days and the bad ones.

Life is about family,  
And loving others.  
Life is about making mistakes,  
And learning from them.  
Life is about making goals,  
And working hard to reach them.  
Life is about living,  
And dying.  
Live life how you want,  
And live it to the best of your abilities.

## Scholarship Available

The Sonny Hancock/Leon Flick Memorial Scholarship is open to any current resident who is employed by any ranch or ranch owner, or any individual working to sustain a cowboy lifestyle in any form in Lake County, or the child thereof. Applicant must write an essay outlining their ties to the ranching community and how they plan to contribute to our area with their chosen degree. Essays, along with all pertinent contact information, should be emailed to:

[jessica@jessicahedgescowboypoetry.com](mailto:jessica@jessicahedgescowboypoetry.com)  
no later than April 1, 2016. One winner of the \$500 scholarship will be contacted by no later than May 1, 2016. Any questions can be sent to the email above.

## Park & Recreation Holds Mural Design Contest

North Lake Park and Recreation has two HUGE blank "canvases" (both sides of an 8'x20' cargo container) just begging to be decorated by local creative people. The Board is holding a contest, requesting mural designs from North Lake residents. There are two categories: 18 & under, and over 18 years of age. Please drop off design ideas at the Park and Rec office, or email them to: [cvparkrec@yahoo.com](mailto:cvparkrec@yahoo.com)

If your design wins, Park and Rec will supply the paint needed and you can create your public masterpiece.

No deadline for entries has yet been established.

## Estate Planning Seminar at Your Local Library

Richards

Lake County Library District is hosting Neal Richards, Financial Advisor, for "Six Easy Steps to Effective Estate Planning" seminars in Lakeview and Christmas Valley. All are welcome to join on

Friday, February 19th, 2016 at 6:00 pm in the Meeting Room of the Main Library - Lakeview or Friday, February 26th, 2016 at 6:00 pm at the Christmas Valley Branch Library.

Neal Richards is a Financial Advisor with Wells Fargo Advisors. He grew up in Lakeview, and has made his home in Bend for the last seven years. Richard's seminar covers basic information about estates, probate, and different types of estate planning tools. Seminar participants will learn

which type of professionals to involve in their plan, and the six steps they can take towards developing a plan that's right for them.

For more information about this free program, please contact Library Director Amy Hutchinson at 541-947-6019 or [amyh@lakecountylibrary.org](mailto:amyh@lakecountylibrary.org).

## North Lake 4-H LEGO Club Continues with Clipper Ship Reconstruction

Abbey, Michael, Garrett, and Hayden have all been amazing as we work as a team to rebuild the Carribean Clipper [Lego set 6274]. The hull, mast and cannon ports are coming along well, in addition to many of the subtle details. Most of the 359 parts required for the structure have been sourced from eight different U.S.

states. However, the sails which came with the original set could not be found "state-side" so they were ordered from a Lego seller in Denmark. (Denmark is where LEGO first came from)

North Lake 4-H LEGO Club meets each Wednesday from 4:00 pm to 6:00 pm at the Park and Rec office next to the

library. If you can't make it until 4:15 or 4:30, no problem. If you can't make it every week, no problem. If you can't make it until after such-and-such sport season is over, no problem. Meetings include time for LEGO education, free building, and special projects.

Join the fun! Call Mark: 541-576-4622.
