

BUSINESS OF THE MONTH

THE FOXES: Walt and Mary Jane Fox have just purchased the Valley Center Corporation as of August 1st which includes Valley Foods Grocery Store; the Laundromat; Trailer Park; Valley Center Rental Offices and the Post Office.

The Foxes have lived here for three months making their new home on Water Tower Hill.

Through an ad in the paper they came to Christmas Valley in February 1980 and like it here so well, bought land. On returning to Rockaway put their home and business up for sale. Walt had just remodeled an old nursing home into an apartment building. Mary Jane operated a gift shop while he remodeled. Before that they owned and operated Jetty Fishery, a marina at the mouth of Nehalem Bay, Rockaway, Oregon. Before that they owned and operated West Mart, a Western Auto and Ace Hardware combination store, plus owning and operating a 20 acre apple orchard in Tonasket, Washington.

The Foxes have five children, Darlina age 24, Bill 23, Jim 22, Phil 21 and Stan age 10 still home and their number one man.

The Foxes say "We will do anything in our power to do anything we can for the satisfaction of our customers, including fair prices and reduced prices on special orders or case lots."

Being new to the area they are anxious to become acquainted with everyone.

Watch for some new lines of merchandise. Hours will remain the same.

NOTICE: The Christmas Valley Fire Dept. Board meetings have been changed to the third Monday of each month effective August 1981.

SILVER LAKE POST OFFICE

In 1873, the first post office was established in Silver Lake on what is now Ken Emery's land. The Emery Ranch is located nine miles south of Silver Lake. The building is still there.

Neva Warner, according to current postmaster Rollie Smith, took over the job of postmaster in 1933 after the then postmaster died of a heart attack. After she retired in 1971, Dorothy Moran was postmaster until 1978. When she retired, the position was not filled. Instead, Sally Murphy was appointed officer in charge in November of 1978. She served in that position until Rollie Smith became postmaster in March of 1980.

Marian Martin lives in what was the second post office building in Silver Lake. The present building was constructed in 1971. It was built by Del Hand. Ardy Markus was the original owner of the property but sold to Del Hand for the post office site.

The post office currently sells padded envelopes, package tape, stamp kits and mint sets. There is also a mobile unit now at the Silver Lake post office. It allows new boxes to be added without new construction.

Rollie, his wife, Ruth and son, Garen, age 12 and daughter, Tiffany, age 8, live on Wagontire Road. Rollie has been with the Postal Service for 13 years. He was a clerk in Medford for 5 years and was a clerk at Klamath Falls for 7 years.

Rollie enjoys long distance running. He plans to compete in the Goose Lake Run in Lakeview. The run will be a distance of 13 miles. He is also Scoutmaster of Troup 88 and was assisted by Bob Jackson. Rollie also serves on the Silver Lake School Board.

The Smith family loves camping and fishing. They are enjoying living on the high desert. Ruth loves flowers and is trying to grow many varieties.

Rollie is busy but he still has time to give you the help you need at the Silver Lake Post Office.

CHRISTMAS VALLEY WATER DISTRICT

The Christmas Valley Water Board discussed the need for a third well at their last meeting. Also discussed was the need to deepen one existing well. It was suggested that one well be allowed to run all of the time. One would be used to top off the tank and the third well would be for emergencies.

No word has been received on the HUD Grant applied for and the clerk was directed to contact Lorena Daggett for information.

NEW MOTEL UNITS

On July 3, Bud and Peggy Maple rented three of their four new units at the Desert Inn Motel. The units weren't complete enough to hold an official grand opening at the time.

The new units have kitchenettes with built in cabinets around the stoves. Each unit has a queensize and a long-boy size bed. The bathrooms have infrared heat and fans to get rid of the steam. The color scheme is of red and orange tones.

A wash room was added so they now have one on each side of the motel to enable them to take care of all the washing. Additional parking is to be made in the back.

TRAILER PARK SOLD

On the first of June, Esther Chambers took over the Christmas Valley Trailer Park, formerly owned by J. Woodrow Duff.

Esther took out the old showers and installed six new ones. Three are for men and three for women. The public may use the showers for a fee.

A laundromat has been added with four washers and two dryers. These facilities are for the exclusive use of the park tenants. A fly proof enclosed garbage room is also a new addition to the park.

AMBULANCE

The Christmas Valley Ambulance answered three calls and the EMT's answered several more calls that didn't require the ambulance.

The EMT I written finals are over and those that passed are waiting to see what the State is going to do about their certification. There is apparently no money to give the practical part of the final test which has been necessary to get certified.

In the meantime, those who passed the written final will work on the ambulance as trainees with a certified EMT.

FOURTH OF JULY

There were lots of activities for everyone on the Fourth of July in Christmas Valley. Activities began with a parade at noon. A pig catch was held at the Rodeo Grounds followed by a carnival and strawberry shortcake feed at the Community Hall. Footraces and log rolling were held in the afternoon. After dark the fireworks were set off from the lake. The day's activities were concluded with a dance at the Community Hall.

SCHOOL BOARD MEETS

The North Lake School District Board of Directors met at Fort Rock School on July 13, 1981 to discuss bussing children to La Pine and to hire bus drivers.

John Harr, head of the Lake ESD, was present and introduced Fred Archer of Lakeview. Mr. Archer will replace Mr. Harr in August.

Barbara Shanbeck acted as spokesman for a group of parents asking for a bus to La Pine. She introduced Larry Reeser, principal of La Pine High School. Mr. Reeser said La Pine has 225 students and can handle 450 to 500. Their school day runs from 7:45 A.M. to 2:21 P.M.

He said the La Pine "A" ballot has passed and the "B" ballot will be voted upon in September. If the "B" ballot fails, it will effect only extra curricular classes, mainly art.

The Board in general agreed that La Pine has a superior curriculum but it would require \$23,000 more than is in the current budget. The money would have to be made up by the parents or raised by a tax levy. The next election date open is September 15, 1981.

John Harr stated it has been five years since Paisley has been checked by the State to be judged to see if the school is standard or non-standard. Due to a lack of State funds, it is unknown if the check

will be made. If a school is judged non-standard, they must file an improvement plan. If they abide by the plan, they are considered standard, according to Mr. Harr.

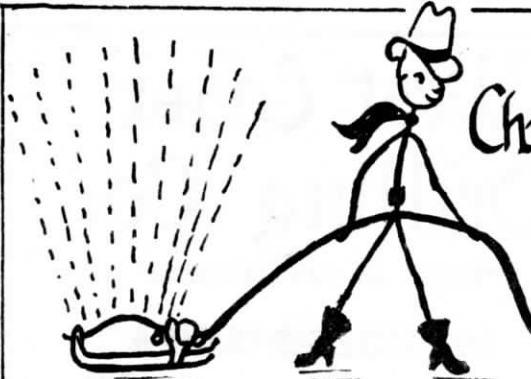

The Board decided to meet Monday, July 20, 1981 to discuss the matter some more.

The following bus drivers were selected for the coming year: High School, Doug Menges and Ron Johnson; Grade School, Adron Arney and Mitch Wagner. A special run from Christmas Valley to the Sink Area, on pavement only, will be Gerry Malchow.

The Board meets each month on the Second Monday at 8 P.M. The meeting place alternates between Fort Rock and Silver Lake. They will meet at Silver Lake in August.

JULY 20 SCHOOL BOARD

The North Lake School District Board met at Silver Lake School to decide the LaPine bus issue.

Board members present were Jim Jackson, Bev Little, Harold Miles and Fritz Morrison. Mr. Morrison is the chairman. John Harr and Fred Archer were also present along with the Paisley School Board. John O'Leary, chairman, was the spokesman for the Paisley Board.

Barbara Shanbeck, spokesperson for parents wanting their children to go to La Pine, requested that a bus be sent both to Paisley and La Pine.

The request was discussed by both school boards, John Harr and the parents. The main problem was there was not enough money in the budget to cover the difference between Paisley and La Pine.

It was moved by Harold Miles that no bus be sent to La Pine this year. Bev Little seconded the motion. The motion passed unanimously.

TO THE PARENTS OF NORTH LAKE SCHOOL DISTRICT:

The new School Immunization Law was signed by Governor Atiyeh and now mandates proper immunization for children to attend school. To comply with this law all students must have a complete immunization record at school and at the Lakeview Health Office. The key point to this law is that: "Immunizations are required for enrollment and continued attendance in publicschools for grades kindergarten through 12," This is especially important for incoming first graders to have proof of the proper immunizations. Parents will be able to document compliance by completing a simple standardized State-approved form available from the school district or county health Office. Please be aware that there is an exclusion clause for children not in compliance. For further information contact the county health office at 947-2114 ext. 282. Immunization clinics are held at the health office on Monday, Wednesday and Friday from 2 P.M. to 4 P.M.

The two former school districts of Silver Lake #14 and Fort Rock #24 have officially merged and that now the new district's name is North Lake School District No. 14. The new appointed members are: Fritz Morrison - Chairman, Bev Little - Vice Chairman, Jim Jackson, Harold Miles and Rollie Smith.

THANK YOU

A special thank you to all who helped make the benefit car wash for the Jackson Family such a success.

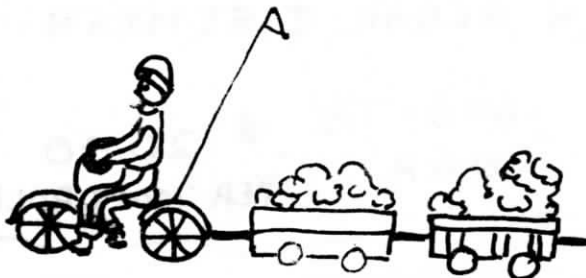

SILVER LAKE TV ASSOCIATION

The Silver Lake TV Association held a special meeting at the Christmas Valley Community Hall on June 30 for the purpose of securing more members in the association.

The initial fee for joining is \$35 for each member plus \$2.50 a month thereafter for service.

Currently Silver Lake and Fort Rock receive 3 channels and the new antenna on Table Rock would serve Christmas Valley with one channel. They hope to move the other antenna to Table Rock in the near future.
