SCHOOL BUS DRIVERS FROM CHRISTMAS VALLEY

Sinks Run - Gerry Malchow

Gerry was originally from Indiana, working for an electrical motor repair company before spending three years in the Air Force. His wife Julie is also from Indiana and they will have been married ten years this coming December 19th.

Gary and Julie have five children: twins Heather and Brandi, age 9; Holly age 5; Jason age 4; and Elizabeth Brooke age 3.

In May of 1981, Gerry and Julie moved to Christmas Valley from Las Vegas where Gerry worked for an electrical motor repair company. They wanted to enjoy the quiet life of a small town. Both came from small towns and love Christmas Valley.

Besides driving the school bus, Gerry maintains the Christmas Valley Community Hall. He likes to write country-western music and poetry in his spare time and plays a mean game of pool.

Julie enjoys sewing, knitting, crocheting and drawing and painting in oil and water color. She is also treasurer of the Christmas Valley Boosters.

Paisley Run - Ron Johnson

Ron came to Christmas Valley in April of 1976 to work for ViewPoint Ranches. His family followed the next month after the school year was completed. They came to Christmas Valley to follow a more relaxed life style and to get away from "beating the clock".

Ron has been a professional truck driver and police officer for the past twenty six years. While working for Garrett Freightlines out of Portland, Ron had the run from Portland to Alturas for 1 1/2 years so knows the highway to Paisley very well plus the many times he travelled to Paisley as a deputy sheriff.

Ron has four children, the youngest one, Matthew, graduating from Paisley High School last June. The other three are David, Catherine and Barbara. All are home at the present time except Barbara, who is in the Air Force, stationed in San Vito, Italy. Two year old "Curly" is the only grandchild thus far.

Ron's wife, Sue, is the Christmas Valley Public Health Nurse and clerk for the Christmas Valley Domestic Water Supply District. She is also an EMT 11 and helps with the Christmas Valley Ambulance and is president of the boosters.

The Johnson's main interest is raising and training registered Quarter Horses on their forty acres east of town. Their stallion, Butter Bar Ricky, will be shown this summer at quarter horse shows.

The board voted to purchase a good, used typewriter for the district and Lee Gallier volunteered to put a heat tape on the water pipes to the office trailer and anchor it down.

Lyle Adams was awarded the bid for the water departments new well east of town.

Norm Cherry resigned from the water board as he has moved out of the district. Carl Coonce was unanimously voted in as Norm's replacement.

"I didn't know about stamp collecting before this. Now, I not only know a great deal about it, I think I have become one!" This came from one of the special postal workers handling the deluge of mail requesting First Day cancellations. The crew includes Bev DeSpain, Russell Branchley, Sharon Cline, Teresa Lane, Earl McMillen, Elaine Potter, Kitty Thomas and Terry Weikel.

Rollie Smith, Postmaster in charge, reports, "We started out with 125,000 "Teddy Bear" stamps. Juanita Richards at the regular Christmas Valley post office got 15,000 and the Silver Lake post office got 10,000. Since the ceremony date, Oct. 28, when we sold 14,638 stamps we have sold or affixed 22,098 more. After the first week when stamps became available at other post offices stamp requests diminished."

"However," he went on to say, "As of Nov. 19, 129,000 letters have been processed. The envelopes come from all over the world and bear as many as eight previously canceled stamps." Although work is being scheduled into the week of Nov. 23, the requests seem to be tapering off.

Unusual requests included cancellations on a photograph of a Teddy Bear and on a 11"X 14" piece of paper with the "Teddy Bear" stamps placed in the shape of a Christmas Tree. One envelope bore a stamp dated 1931, another 1936.

"Naiad Einsel, designer of the stamp, also mailed us a cancellation request", said Rollie. He sent her a copy of the ceremony program along with a letter signed by the entire work force.

LIBRARY TO OPEN SOON

During the early 60's several thousand books were kept at the Christmas Valley Lodge for the use of the Community residents. Many were read and returned but the majority have been lost thru the years.

At the present there are about 500 fact and fiction books remaining, in addition to nearly 500 encyclopedias, none of which are complete sets. The books have been stored at the community hall for the last several years with no circulation.

June 18, 1981 a library committee was formed. It consisted of Sharon Cline, Betty Turnbow and Janet Overholser. This group was encouraged and financed by the Park & Rec District to plan and implement ways to get the books into circulation with adequate supervision. Later Mr. Turner of E.G. Farm & Feed also contributed to the financing.

Currently the remaining books now at the community hall, as well as books donated, are being processed by volunteer library workers. The processing consists of any needed repairs, making a master list of the books, numbering them, putting a pocket and check out card in each book, also making card file cards so the books can be located.

The future home of the Christmas Valley Community Library will be located in the Pro Shop which is at the southeast corner of the Golf Course near the Lodge.

The first part of 1982 has been set as the goal for opening the library for use by the local residents.

The library will be staffed by local volunteers.

If anyone has any good books to donate, the volunteers will be happy to receive them. They may be left at Ole and Betty Turnbow's home next to the service station.

The volunteers who have been working with the original committee thus far are Ruth Morrow, Lois Branchley and Ramona Hall.

The county librarian, Verna Price, will be meeting with the committee on December 1 to bring many county Children's books and help the group plan for the future.

WALTER & ZELMA FOOTE TAKE TRIP EAST

Walter and Zelma Foote recently took a trip by motor home to the eastern states. Visits were made to a son in Colorado, daughter in Virginia and cousins in Ohio. Other highlights of the trip were the Smithsonian Institute, Washington D.C., Gettysburg, Penn. Amish farms in Ohio and Pennsylvania and the museum of Science in Denver, Colorado.

While in Virginia, Walter received stamp fliers from Betty Lou Turnbow telling about the Christmas Valley first day stamp cancellation. He took fliers to stamp dealers and they were received with eagerness. Along the journey home, fliers were left in 16 states.

They report it is good to get away but even better to return home to Oregon.

A THANK YOU

At 3:00 a.m. the phone rings.

The caller says "Help-my house is on fire!" or "I need the ambulance and an EMT now-hurry!"

Certainly this is an abrupt way to be awakened but it is routine for Bud and Peggy Maple, the Christmas Valley Ambulance and Fire Dispatchers.

A grateful citizen would like to thank Bud and Peggy for being so generous with their time, especially since they receive no pay other than knowing they are helping someone in time of need.

God bless them both.
