Next Desert Whispers DEADLINE

7 DAYS PRIOR

to publication on the 15th of the month.

DESERT WHISPERS

The Intent of *DESERT WHISPERS* is to publish a variety of information from all aspects of life in North Lake County. We neither support nor condemn any ideas, creed, religion, custom, attitude, belief or law. Opinions expressed are not necessarily the opinions of the Christmas Valley Park and Recreation District Board members, staff, personnel or advertisers. The Christmas Valley Park and Recreation District is not responsible for errors in articles and/or ads submitted to be published without change. The Christmas Valley Park and Recreation District Board of Directors reserves the right to reject any submitted material for any reason.

DESERT WHISPERS welcomes letters to the Editor. Letters should be printed or written clearly. Each letter **must be signed**. *DESERT WHISPERS* reserves the right to condense long letters or to edit for content. We will avoid this whenever possible. *DESERT WHISPERS* reserves the right to judge the acceptability of a letter in regards to vulgarities, profanities, or slanderous content.

Deadlines for *DESERT WHISPERS* are at least seven (7) Days before issue dates of the 1st and 15th of each month. Please have your ad or article to the *DESERT WHISPERS* office BEFORE the published deadline. If the ad or article is NOT received by 2 pm on the deadline, it may not make it into that issue. Ads and articles can be received by mail, by e-mail, or dropped off at the office.

Obsidian Teams up with North Lake FFA

By Chad Waldron

North Lake FFA working with managers of Obsidian and Morehouse Solar, Fosters Natural Resource Contracting and local ranchers and farmers, spent two weekends north of the Obsidian solar site in Fort Rock, removing barbwire fence. North Lake students were able to earn community service hours, fulfill job shadow requirements for graduation and learn about Lake County natural resources. Obsidian Solar funded the project and contributed \$2,500 to the North Lake FFA Chapter.

During these two weekends, students were able to remove over a mile of fencing as well as other debris and hazards. Students completed the first phase of the project by removing all the fence from the Morrison entry gate up past the cinder pit, and then north of the cinder pit past the old homestead up to the 40 acre plot. North Lake FFA will work with Foster's Natural Resource Contracting and Obsidian on details to complete phase 2 of the project during the 2021-2022 school year.

Two FFA advisors and 11 FFA students participated in the project. Students were instructed and supervised in the safe use of equipment and tools, and taught extensively about renewable resources, wildlife management, the role of Bureau of Land Management and zoning and permit processes.

Obsidian Solar Center LLC and Morehouse Solar LLC are developing two solar photovoltaic energy facilities in the Fort Rock Valley, Oregon under Lake County conditional use permits 19-027 CUP (Morehouse West Solar) and 19-028 CUP (Morehouse Solar), respectively. Obsidian and Morehouse developed Wildlife Habitat Mitigation Plans (WHMP) for their respective projects, which were accepted by the Lake County Board of Commissioners. One condition of the CUP permits was to implement some Elk Safety Measures by removing or modifying fencing that affect elk movements.

FFA Advisor Brad Chastain instructing students Cheyanne Smith and Brittney Bond on safe use of fencing equipment.

North Lake FFA member Joel Harders helps remove old wire to enhance elk movement and migration.

Joel Harders and Justin Sharp removing staples and wire from juniper trees and posts.

Students completed about a 1/2 mile of fence removal on the first weekend. Old wire, posts and other debris were piled up south of the cinder pit.

Justin Sharp, Walter Brown, Hailie Rikala, Trevor Williams, Joel Harders, Richard Harders

Eastern Oregon Co-ordinated Care Organization (EOCCO) awarded two grants totaling \$63,879.30 to Lake County.

The Lake County Local Community Advisory Council (LCAC) will use \$43,879.30 from the funds to address food insecurity, behavioral health needs, and health equity through various projects. Lake Health District will use the remaining \$20,000 to increase interpretation services in the clinic and at public health.

Food insecurity will be tackled through two projects: The Summer Food Service Program (SFSP) and Veggie Rx. The SFSP will allow Outback Strong to hand out free lunches to families during the summer.

The LCAC is supporting Eastern Oregon Healthy Living Alliance's (EOHLA) grant to bring Frontier Veggie Rx, a produce prescription program, to Lake County. The organization will target families with children who are eligible for SNAP and WIC. EOHLA will prescribe Veggie Rx vouchers to 44 households during the project year.

Behavioral health needs and health equity will be addressed by funding additional training for behavioral health clinicians across the county at the Lakeview location and Christmas Valley location. All clinicians will be trained in motivational inter-

viewing.

Additionally, one clinician in Christmas Valley will receive training in eye-movement desensitization and reprocessing

(EMDR), an evidence-based form of therapy to reduce trauma symptoms in clients. Two clinicians in Lakeview already have this training.

Sources of Strength, a suicide prevention program, will continue to be implemented in schools across the county. Currently, North Lake High School and Lakeview High School and Daly Middle School have implemented the program. Two Sources trainers will implement the program at Paisley School and will help Lakeview and North Lake high schools continue their programs.

To further address health equity, LCAC will use the funds to support an AmeriCorps VISTA position at Lake Health District. The VISTA will support the Lake County Food Share and communities outside of Lakeview in health equity

issues. Lastly, the VISTA will help evaluate Outback Strong social media presence and their website.

Lake Health District will use \$20,000 to fund training to certify up to three health care interpreters. Currently, the health district offers phone interpretation services, web-based translation, and has one medical interpreter.

EOCCO is able to reinvest funds in LCACs across the state into innovative projects to support better health and healthcare and lower costs for EOCCO members and their communities. From this, Lake County has received \$63,879.30.

Meet the North Lake Health District Board

In the coming months we will be introducing you to our valued Board members.

Meet **Earl Diment** - Earl has served on the North Lake Health District Board for eight years.

Earl is the founder of the Christmas Valley Music Festival. The CV Music Festival is a 501c3 nonprofit organization, the proceeds are used to help local charities. Earl is a member of a band called Loose Change established in 1988. He and his band members get together, typically in March every year, for a fundraising performance in Portland to raise money for the necessary upfront costs to host the annual Christmas Valley Music Festival held at Floweree park. This event usually takes place the second Saturday in August. Due to COVID, there was no Music Festival in 2020, and 2021 is not certain at this time.

Some of the local charities that the CV Music Festival contributes to are the Backpack Lunch program and the Ben Rougeou scholarship. The Backpack Lunch program was founded by and is managed by the Fort Rock Community Church; volunteers provide a backpack of food for school children to take home on weekends. Ben Rougeou was a talented fellow musician. It is through the love of music and the arts that Earl met Ben Rougeou for whom a scholarship was dedicated in his honor for North Lake High School seniors who are interested in pursuing the arts. Ben lost his battle with cancer. His final earthly musical performance was at the CV Music Festival where he had to be helped onto the stage in order to perform.

In Earl's professional life, he spent over 24 years with Portland Fire & Rescue, Portland OR. Starting as a line firefighter he spent 20 years of his career in the Fire Marshal's office assigned to Public Education. Now retired from the fire service, Earl holds the position of Chief Safety Officer for Pioneering Technology, and is the owner/CEO of Diment Consulting.

He is also the past Vice President of the Executive Board for NFPA's Education Section. His past duties with the fire service have included the Youth Education program. Community based prevention, and the Juvenile Fire Setting program. He was also in charge of developing and implementing the pilot project for Portland's Station based prevention program.

For the last 10 years of his career Earl was assigned to the At Risk Adult program in Portland. This includes seniors, low income, and second language citizens. He was also in charge of Portland's Smoke Detector and Residential Sprinkler projects for one and two family dwellings. Along with those duties Earl was responsible for working with the business and residential community of Portland on the development and implementation of their Fire and Life Safety Plans.

North Lake Health District appreciates the time and dedication that each of our Board members give to our organization. We thank you, Earl Diment, for your service.

North Lake Health District is looking for a licensed daycare operator/entrepreneur to use our facilities to provide daycare for the public and for our providers and employees.

The ideal candidate will be licensed, insured, have all the necessary toys, books, etc. for children, and preferably experience in running a daycare business, and most importantly, a heart for children.

Please email a cover letter and a business plan to nlhd@ymail.com.

If you have questions, please call our office or email them to nlhd@ymail.com (email preferred).

Bureau of Land Management Lakeview Field Office Making Fuelwood-cutting Permits Available Online

Lakeview, OR - The Bureau of Land Management Lakeview Field Office is now making fuelwood-cutting permits available online through the BLM Special Forest Products Online Permit Sales Pilot Program. Online permits are available for purchase 24 hours a day, seven days a week.

Firewood cutting permits are for personal use only. The cost of a firewood permit is \$5 per cord, two cord minimum, eight cord maximum per household per year. Permits are valid for each calendar year.

The Lakeview Field Office has four firewood units open. Three units in the Christmas Valley area and one in Silver Lake. The permits are for cutting GREEN Juniper only.

Woodcutters are required to comply with all permit terms and conditions. This includes conformance with Industrial Fire Precaution Level restrictions in effect during periods of elevated wildfire danger. Permits are non-refundable, authorized for use only on BLM-managed lands within the designated firewood units, and may not be transferred to another party. Each permit must be validated and attached to the load in a visible location before any cut wood is transported.

To purchase a permit online:

Go to <https://forestproducts.blm.gov/>. Click on Oregon, select the Lakeview Field Office, and then select Fuelwood. Complete and submit the application.

Enter your credit/debit card information. Your payment will be processed within minutes, and you may print your permit. You will also receive an email with all the maps, stipulations, load tags, and documentation you will need to cut and remove products from BLM land safely. All purchased permits are final; no refunds will be granted.

Permits are still available for purchase over the telephone using a credit/debit card by calling the Lakeview Field Office at 541-947-2177. Office hours are 8 a.m. to 4:30 p.m., Monday through Friday.

Maps identifying BLM firewood cutting areas will be provided at the time of purchase. Some roads to these areas may be inaccessible at this time due to weather conditions. Woodcutters are advised to contact the BLM and obtain current road access information before planning any woodcutting activities.

"It's the woodcutter's responsibility to obtain, understand, and follow the rules in effect at the time and place where they are cutting firewood," said District Manager Todd Forbes.

For more information about personal-use fuelwood permits, please call the BLM at (541) 947-2177.

For more information on the SFP online permit pilot program, go to <https://forestproducts.blm.gov>

Weeping Willow

*Winter's chill has stripped the willow
of all her green and glorious hair.
But she still weeps as cold winds blow
and hangs her head, so fair.*

*Why does she droop, her frail vines sweeping
from skeletal arms perilously bare?
Abandoned they stoop, so empty, sleeping,
all façade removed, exposed, aware.*

*What anguished dread or sadness reaping;
What quiet ache or deepest care
Has caused her head to hang so weeping,
has stolen strength and left despair?*

*I see her lonely form and wonder,
and whisper my questions into the air.
What life is only left from cruel plunder?
What gives her strength to bear?*

*The answers revealed through the season's change
and I know with the willow I share.
My own loss concealed, will by time rearrange,
what winter stripped, bright Spring will repair.*

BACK IN THYME

Submitted By: Linda McCoslin
Older Home Remedies

I was talking to a friend one day who was telling me about her husband having so much trouble sleeping. He has ever severe restless leg syndrome. He tossed all night, paced the floor and could not find anything to calm it down.

She was discussing it with him while in the store trying to find something to help. An elderly lady over heard them. She told them he should try something she has done for 35 years and swears by it. She puts a bar of soap in the bed next to her feet. Any kind of soap will do, and she has not had any trouble sleeping due to restless leg syndrome since.

My friend was desperate and willing to try anything to get

some sleep. She put two small-hotel sized- bars of soap in the bed near her husband's feet. Much to her surprise, he slept very well for the first time in years! No tossing or turning at all! I saw her a week later and asked if it was still working, she said yes and told me how much nicer it was for him to finally get some rest.

Now I am on a mission to find out what is in the soap that stops the restless leg syndrome. How can a bar of soap make such a difference?

It is amazing, the remedies our forefathers used and that worked so well for different medical conditions. How did they come up with them? I think that the elders know a lot more than

most give them credit for. Maybe we should pay more attention to what they have to teach us. They have such wisdom and experience.

I am going to be exploring and reporting on more home remedies from folk lore. It sure beats using all the chemicals that poison us and have so many side effects. There are so many natural remedies that can help a lot of ailments.

After all, the bible tells us that God put things on the earth to heal anything that ails human kind. If we pay attention, we can all be a lot healthier.

**HAVE A
 WONDERFUL SUMMER!**
