LIBRARY GATHERS FEEDBACK ON MASK-FREE PROCEDURES

LAKEVIEW, Ore.—May 29, 2021— Effective June 1, 2021, all patrons and library staff must wear masks inside Lake County Library District locations in compliance with Oregon Health Authority guidelines, at least temporarily. Library patrons and community members are encouraged to complete a survey on the subject online or on paper at their local library.

On May 24, the library announced they would be allowing fully vaccinated persons to be mask free in Lake County Library locations if they chose to show proof of vaccination. There were a significant number of negative online comments on the change. At a recent special library board meeting, the library board voted to return to masks for both unvaccinated and vaccinated persons in public service areas of the library. They also voted to gather more feedback from patrons and community members. Current Oregon Health Authority guidelines require that businesses and organizations verify vaccination status before allowing employees, customers, or visitors to be mask free.

"Personal choice is a strong value in Lake County, and the original change to allow people to be mask free was intended to give people the maximum amount of personal choice available under current OHA guidelines," said Library Director Amy Hutchinson. "We've heard the strong feelings some expressed about the change and are taking a pause to gather more feedback," said Hutchinson. To make sure they are considering all sides of the issue, the library board asked Hutchinson to create a short survey.

The survey for feedback on masking rules at the library may be completed at your local library location or online at <https://bit.ly/3c3c9Ah>. Questions about the procedures or the library may be directed to Amy Hutchinson at the Main Library at 541-947-6019 or via email at amyh@lakecountylibrary.org

TARA JONES, LCSW

NORTH LAKE HEALTH DISTRICT MENTAL HEALTH PROVIDER

Ms. Tara Jones has been practicing in Lake County since 2011 and has had an office available to local residents at the NLHD facility on Bay Rd., Christmas Valley, since late 2016. Her in-person practice at NLHD was impacted by COVID and she has not been able to have her in-person counseling sessions since the COVID mandates. She anticipates being able to resume her in-person sessions towards the end of June 2021 or the beginning of July 2021 depending upon the current restrictions. She will, of course, observe any COVID related protocol once the in-person sessions resume.

"I believe that engaging in counseling services can be a rewarding and life altering choice, one that I am eager to support you in. It is my philosophy that we can all heal and change the areas of our life we want, when we feel valued, understood and feel safe, this can be rewarding and beneficial. It is my approach to provide person-centered treatment, to assist you on the areas of your life that you are ready in healing. It will be my pleasure to work with you in developing a plan towards building a life that is satisfying and re-

warding for you. I am excited to join you on your counseling journey, and I define counseling as a collaborative relationship working together to build on your strengths, and heal the areas of your life that are hurting or unbalanced. Engaging in counseling can be rewarding, exciting and courageous, and I will do my best to meet you where you are in your therapy and to assist you in finding the life you want to live." ~ Tara Jones

Ms. Jones has been supporting families in crisis through her professional counseling for 8 1/2 years. Her clients range in age from 5 years old to 100 years old. In addition to her LCSW, she is a certified substance use/addictions counselor.

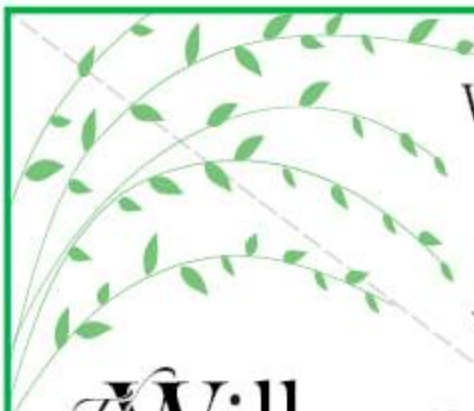

Behavioral issues can be a difficult battle for people of all ages and can undermine families in their efforts to live happy, productive lives. We are so pleased to have Tara on staff to lend her expertise to the community.

Dear Parents:

Send your kids on a mountaintop adventure!

Sciency-Fun Gizmos™, team-building games, cool Bible songs, and tasty treats are just a few of the standout activities that help faith flow into real life. (Since everything is hands-on, kids might get a little messy. Be sure to send them in play clothes and safe shoes.) Plus, we'll help kids discover how to see evidence of God in everyday life—something we call God Sightings®. Get ready to hear that phrase a lot!

Your kids will also participate in a hands-on mission project, through a program called Operation Kid-to-Kid™, that will provide alpacas to families in need in Ecuador, South America. Parents, grandparents, and friends are invited to join us at Rocky Wrap-Up each day at 11:30, a daily exploration of why we can trust Jesus!

So mark these dates on your calendar: **JUNE 14th-18th**. The fun starts at **9am** and will end at **noon**. Call this number 541-891-2389 to register your children for this life-changing adventure!

CV BOOK DONATIONS MATCHED!

LAKEVIEW, Ore.—May 22, 2021— The Christmas Valley Branch Library received a total of \$1,234.25 in donations to the “Book” Budget in March, surpassing the \$500 match challenge issued by local private donors through the We Can Foundation. Including the match, donors raised \$1,734.25 to benefit the branch library, a significant help in keeping new books on the shelves.

“With this extra funding from the community, we can add about 10 to 12 extra new books onto the Christmas Valley shelves each month over the next 10 months,” said Amy Hutchinson, Library Director. “We’re excited to be able to add more titles in some of the favorite reading areas of Christmas Valley patrons like cozy mysteries, Christian fiction, thrillers, and nonfiction items to do with homesteading, living off grid, and learning about the natural world,” said Hutchinson.

The statewide average for library spending on items such as books, audiobooks, videos, and downloadable and online materials is 9.3%. The Lake County Library District’s current fiscal year budget spends only 3.6% on these types of materials for public use. “The library’s tax base was essentially flat for 8 years prior to this one, and rising expenses ate into library services. Local donations of cash and gently used books have made all the difference for our readers in these difficult years,” said Hutchinson.

So far, the library has received a total of \$3,716.00 in donations for the “Book” Budget in the current fiscal year. If a donor indicates a preferred library location, that library location will see new items on their shelves first. All items rotate among all library locations. Donations may be made in person at any local library or by sending a check with a note indicating it is for the “Book” Budget to Main Library, 26 South G St, Lakeview, OR 97630. Questions about the library may be directed to Amy Hutchinson at the Main Library at 541-947-6019 or via email at amyh@lakecountylibrary.org.

You're a Grand Old Flag

by George M. Cohan

You're a grand old flag,
You're a high flying flag
And forever in peace may you wave.
You're the emblem of
The land I love.
The home of the free and the brave.
Ev'ry heart beats true
'neath the Red, White and Blue,
Where there's never a boast or brag.
Should auld acquaintance be forgot,
Keep your eye on the grand old flag.

OBITUARY

Charissa Dianne Kucera
January 19, 1961 - May 18, 2021

Charissa passed away suddenly on May 18, 2021. Charissa Dianne Kucera was a strong woman who lived a life of adventure. Born in Seattle, Washington on January 19, 1961 to Paul and Carole Claassen, she was the youngest daughter and third sibling in a family of four children.

Charissa was a natural caretaker who worked as a nurse and nurtured her daughters and many treasured pets over the years. In 2011 she moved her life from Seattle to Christmas Valley, Oregon to fulfill her dream of living off the grid. She flourished in Christmas Valley and met her love John Widenoja, with whom she recently celebrated a 10th anniversary. She also grew a loving community of friends.

She is survived by John, her daughters Aurelia Kucera and Morgan Williams, her siblings Dulcie and Lark Claassen and Kali Kucera, and her parents Carole and Paul, who all love and miss her deeply.

A Celebration of Life will take place on Thursday, June 3, 2021 at 1:00 P.M. at Hank's house located at 87142 Christmas Valley Hwy, Christmas Valley, OR

My intent in the next few articles is to give you a little insight on how and why natural medicines can actually help your body learn to heal itself like it is meant to do.

Sunlight, forest bathing, fasting, and cupping are natural ways of healing that have been practiced in different cultures around the world for centuries. Dr. Andreas Michalsen was taught that such practices were medieval and outdated, even dangerous. As he saw surprising results in his patients, however, he explored more deeply those seemingly "outdated" methods. The more he researched, the more he was convinced that natural medicine – naturopathy – has the power to heal the human body.

Over the past few decades, Dr. Michalsen has published the most cutting-edge scientific research on the efficacy of natural medicine. He has successfully treated thousands of patients using elements found in nature –

BACK IN THYME

Submitted By: Linda McCoslin

Natures Cures

sunlight, water, nourishing foods, and medicinal plants and animals. He breaks down the science behind natural ways of healing and shows how we can incorporate these methods into our everyday lives to trigger our body's self-healing mechanisms. This shared knowledge has changed the lives of thousands of patients, teaching you what your body needs to heal – without invasive procedures or medicine riddled with side effects. Methods of healing that don't just cover up symptoms, but actually address the root cause of your illness.

For hundreds of years health has been managed, on one hand, by official medicine, based on the teachings of schools at Universities and the results of clinical

studies and the decisions of government agencies. On the other hand, health has been managed by complementary medicine – sometimes based on ancient traditions, sometimes of dubious origin. Dr. Michalsen combines the teachings of official medicine and science-based complementary medicine to help patients live healthier while minimizing the need for medication. The goal is to discuss a variety of naturopathic therapies ranging from the use of leeches, hydrotherapy, yoga, exercise, diet and fasting, and how they can prevent and even cure major diseases. His therapies are based on solid scientific and clinical pillars, ranging from hypertension, diabetes, and cancer to multiple sclerosis.

It's difficult to find scientifically-founded guidance on naturopathy. Some recommended natural medicine should be questioned critically, yet effective methods of naturopathy are often too quickly dismissed by conventional physicians. It has become increasingly clear more people are interested in naturopathy and integrative medicine. It's time for an evaluation that takes experience, practice, and research into consideration in equal measure.

Medicine needs naturopathy – now more than ever. Increasing numbers of chronic diseases are becoming wide spread – conventional medicine's method of treatments – surgeries, interventions and new medicines – leads to more and more side effects and unaffordable costs. Today Naturopathy is not a thing of the past, rather highly relevant in offering solutions and showing new ways of preventing and treating disease by not focusing on the illness alone, but also on the individual.
