Next Desert Whispers DEADLINE

7 DAYS PRIOR

to publication on the 15th of the month.

DESERT WHISPERS

The intent of *DESERT WHISPERS* is to publish a variety of information from all aspects of life in North Lake County. We neither support nor condemn any ideas, creed, religion, custom, attitude, belief or law. Opinions expressed are not necessarily the opinions of the Christmas Valley Park and Recreation District Board members, staff, personnel or advertisers. The Christmas Valley Park and Recreation District is not responsible for errors in articles and/or ads submitted to be published without change. The Christmas Valley Park and Recreation District Board of Directors reserves the right to reject any submitted material for any reason.

DESERT WHISPERS welcomes letters to the Editor. Letters should be printed or written clearly. Each letter **must be signed**. *DESERT WHISPERS* reserves the right to condense long letters or to edit for content. We will avoid this whenever possible. *DESERT WHISPERS* reserves the right to judge the acceptability of a letter in regards to vulgarities, profanities, or slanderous content.

Deadlines for *DESERT WHISPERS* are at least seven (7) Days before issue dates of the 1st and 15th of each month. Please have your ad or article to the *DESERT WHISPERS* office BEFORE the published deadline. If the ad or article is NOT received by 2 pm on the deadline, it may not make it into that issue. Ads and articles can be received by mail, by e-mail, or dropped off at the office.

- The Editor

**Renting the Christmas Valley Community Hall**

The Christmas Valley Community Hall, located at 87345 Holly Lane, in Christmas Valley, is available for rent.

A refundable cleaning/damage deposit of \$50 is required for the rental of the building. The deposit will be returned if the building is left in the same (or better) condition as you found it.

At the conclusion of your event, if the heater in the main area of the hall is not turned down to 52 (as the instructions posted state), you will be billed \$9.00/hr for fuel, until the setting is corrected.

Call Christmas Valley Park and Recreation for availability:
541-576-2216.

needs. Please call Linda at 541-947-
4966 ext. 106 to schedule. Bus fares
are *not* required, although donations
are accepted and encouraged for
shopping trips.

Routine Medical Trips:

- La Pine
- Bend
- Portland

Call our new Transportation
Coordinator, Linda, to be scheduled
to join any of these trips, or to in-
quire about additional trips as they
come in.

Promoting the health and safety of
all Lake County residents is our mis-
sion. We encourage seniors, those
with disabilities, and those who do
not have other access to safe trans-
portation to call us about availabil-
ity. Our vehicles are ADA-approved
for those with mobility aids, such as,
wheelchairs, walkers, etc.

Per OHA and ODOT requirements
under the COVID pandemic, rid-
ers and drivers are required to wear
masks or face coverings at all times.
Vehicles are disinfected between each
trip, and a 6 foot minimum distance
must be maintained between driver
and each rider-household at all times.

If you have OHP, please call:
EOCCO Ride Share at 877-875-4657
for non-emergency medical
transport.

KCC celebrates graduates in-person; record number of high school achievements

KLAMATH FALLS — Klamath Community College awarded diplomas on Friday, June 10, to a crowd of graduates, who were supported by their families on the KCC lawn offering hearty congratulations. After two years of hybrid livestreaming and limited in-person ceremonies due to the COVID-19 pandemic, Friday's commencement ceremony served as both a celebration of the graduates, and the ability to overcome the added burdens of higher education pursuits amidst unexpectedly lengthy health restrictions. Graduation activities were also livestreamed online for students and families unable to attend in-person. Following a presentation of colors by the Oregon Air National Guard, a rendition of the national anthem by Alyssa DeFillipo, and an invocation by pastor Jim Boyd, KCC President Dr. Roberto Gutierrez welcomed the large crowd to KCC.

"It has been awhile, not having face-to-face, this is so good to see all of you," said Gutierrez. "For many of you, your college experience has resulted in something much more than a degree, it is a chance for a new beginning – a pathway to approach opportunity and change."

Diplomas were distributed by program, with each program lead taking a turn at the microphone to announce graduates' names. Included among the hundreds of graduates were 10 high school students achieving the impressive feat of receiving their associate

degree and high school diploma simultaneously, along with an additional 19 high school students who received pathway certificates – most for KCC's Digital Media Design program.

The featured keynote speaker was David Cauble, CEO of Sky Lakes Medical Center. He reflected on the accomplishment of students completing their degrees despite the added difficulties imposed by COVID-19, and on his personal memories of his graduation 28 years prior, while also offering advice.

"We experience the greatest growth when we are willing to explore the unknown, and stretch ourselves in new ways," advised Cauble. "And when we inevitably fail, and we will fail, we have the opportunity to learn and grow."

KCC Vice President of Student Affairs Gail Schull highlighted the personal stories of two graduates: Tricia Gardner and Paul Monteith. Gardner was identified for not only graduating with honors, but doing so alongside her daughter who also collected her associate degree. Monteith, who works as a teacher's assistant with the KCC Welding program, and also operates a 501c3 aimed at rehabilitation and peer support with careers for individuals in recovery from drug abuse or recent incarceration, was noted for his community efforts and expansion of his Tayas Yawks nonprofit. He will participate later this month at the statewide Invent OR inno-

vation and entrepreneurial competition in Grants Pass, representing KCC among approximately 40 other collegiate teams.

KCC Director of Retention and Student Success Oscar Herrera was also honored as this year's "KCC Employee Who Made a Difference in the Lives of Students" – a recognition determined by anonymous student vote. Several personal stories were shared about how Herrera had gone above and beyond to help students accomplish their goals.

In total 210 students received diplomas and pathway certificates in the festivities, after which time graduates and families were invited to a reception complete with gifts, food, and a photo booth for photos to commemorate the occasion.

KCC will host an additional graduation ceremony for its Klamath Center for Education & Training (KCET) students at 6 p.m. Tuesday, June 21.

To view video of the Class of 2022 Klamath Community College commencement ceremony, visit www.klamathcc.edu/watch-commencement.

Klamath Community College conferred over 200 diplomas and pathway certificates in its Class of 2022 commencement ceremony held on Friday, June 10; among those graduates were Nikkilas Shumway and Connor Wade of Christmas Valley.

La Pine Community Health Center's Future CEO Selected by Board of Directors

Charla DeHate's Retirement Nears

LA PINE, Oregon, June 8 — On June 8, 2022, La Pine Community Health Center's (LCHC) Board of Directors announced to staff that Erin Trapp, current Director of Nursing, has been chosen to fill the role of Chief Executive Officer (CEO) upon Charla DeHate's retirement in October.

Charla DeHate, current CEO, announced her retirement in April 2022—a decision that was difficult but necessary so that she can spend more time at home with

Erin Trapp, BSN, RN, responded, "It is an honor to be chosen by the Board of Directors and it will be a privilege to lead this talented team.

I would like to thank Charla for introducing me to Oregon and the opportunity to work for La Pine Community Health Center. I would also like to thank everyone who has supported me throughout my career. I look forward to continuing the mission and vision of the clinic.

Erin joined the LCHC team in October 2019 and has more than fourteen years' experience in leadership of healthcare organizations, including three years as a director at a Federally Qualified Health Center.

"My heart is at peace knowing that Erin will be caring for the employees and the people of the communities we serve. I am pleased and proud to give my full support to endorse Erin as the next CEO of La Pine Community Health Center," expressed Charla DeHate, current CEO.

PUBLIC NOTICE

Several of the properties in the Christmas Valley township have utility easements for the Christmas Valley Water District.

When you have a utility easement on your property, the utility company/Water District may have a range of legal rights.

A few restrictions you might face include:

- Utility company/Water District access without your approval.
- Utility company/Water District may restrict your use of the easement when your use can harm underground water mains, valves, water meters, and the like.
- Restrictions on physical alterations: You may want to make an improvement to a certain section of your property. But the utility easement may prevent certain upgrades, such as erecting a fence or a gate.
- Vegetation restrictions: The utility company may require regular access to a particular area and constantly tear up your garden. Additionally, many utility easements limit the planting of major trees in a specified area.

If you're considering purchasing a property with a utility easement, take some time to research the local laws and regulations.

If you have questions regarding your utility easement call:
(541) 576-2090 or (541) 947-6921

In Loving Memory of **Collin J. Collom, Jr.** **“Pat”**

Collin J. Collom, JR. “Pat” passed away the evening of May 18, 2022, at St. Charles Hospital in Bend. He was 84 years old.

Pat was born in Yuma, AZ to Collin and Alta Fay Collom. He was the oldest of four children, all of whom predeceased him. He married his childhood sweetheart, Ann Applegate in 1959. They lived in Eugene briefly, then moved to Lebanon, OR. Pat worked as a delivery driver for Wonderbread until he went to work at Teledyne Wah Chang in Albany, where he spent his career and retired in May, 1993. Pat and Ann have two children, Barry, who lives in Fort worth, TX and Landon, who lives in Christmas Valley.

Pat was an avid horseman and certified gunsmith, a dedicated rat shooter, and also made hunting style knives as a hobby.

He is survived by his wife Ann and sons Barry and Landon.

Christmas Valley Park and Recreation District

invites everyone to enjoy
the Park and Rec properties.

We ask that while enjoying
the properties; specifically,
the Golf Course, the Rodeo
Grounds, the playground, the
multi-use field and Baert Lake,
that you be a good steward
and please do not litter, please
maintain control of your pets
by keeping dogs on a leash
and/or maintaining constant
supervision. If your dog should
defecate on the premises, please
be sure to pick up after it.

Horses and camping are only
permitted at the Rodeo Grounds.

Being good stewards and taking
pride in these properties reflects
on our community as a whole.

Thank you for your continued
support of Christmas Valley
Park and Recreation District.

Welcome to Christmas Valley Domestic Water

Without a doubt, 2021 was challenging. Despite these challenges we are proud to say we have met and gone beyond meeting the EPA and state requirement. Our goal is to deliver and maintain the highest quality water with our team to serve you the safest and best tasting water. This report describes our water sources, information from EPA about drinking water, and the water results from the last 5 years. As part of our ongoing commitment to increase public communication, awareness and transparency, this report helps to keep you informed of what is happening with the water you drink. The data included in this report will help show what is in your water and the limits the EPA allows. If after reading this report and you still have questions, please feel free to contact our office 541-576-2090 or attend one of regular scheduled meetings held the 2nd Wednesday of each month at 6:00 pm at the District Office. You can also visit the State web site at <https://yourwater.oregon.gov/inventory.php?pwino=00186> for more information. Scroll to the bottom to search all info.

An Important Message from the Environmental Protection Agency

The sources of (both tap and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals and human activity.

Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.

Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban storm-water runoff, industrial or domestic wastewater discharges, oil and gas production, mining, or farming.

Pesticides and Herbicides, comes from agricultural, urban storm-water runoff, and residential uses.

Organic Chemical Contaminants, synthetic and volatile organic chemicals are byproducts of industrial processes and petroleum production, and also from gas stations, urban storm-water runoff, and septic systems.

Radioactive Contaminants, Naturally occurring or the result of oil and gas production and mining activities.

Drinking water and bottled water may contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Important Information About Water and Your Health

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/Aids or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbial contaminants. For more information call the Safe Drinking Water Hot Line 1-800-426-4791. Additional information can be found on the CDC website: www.cdc.gov/healthywater/drinking/public/faq.html.

Lead in Drinking Water....Are You at Risk?

Elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Christmas Valley Domestic Water is responsible for providing high quality drinking water to your tap, we cannot control the variety of materials used in plumbing components in your home. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water to drink or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>, or www.leadline.org, or by contacting Edge Analytical, drinking water testing laboratory 541-639-8425.

2021 Results for Regulated and Unregulated Contaminants for Christmas Valley Domestic Water

00186

You can see our most recent test results in the data table below. We are required to report only those substances that were present at detectable levels. We are allowed to monitor for some contaminants less than once per year, therefore some of the data can be more than one year old. Below is the data from within the last 5 years.

Primary Standards (directly related to the safety of drinking water)						
Inorganic Contaminants	Units	MCL	MCLG	Range/Result	Did a Violation occur ?	Likely Source
2019 - Arsenic	ppb	10	0	3.4	No	Erosion of natural deposits
2019 - Barium	ppm	2	2	0.0044	No	Erosion of natural deposits
2019 - Fluoride	ppm	4	4	0.19	No	Erosion of natural deposits
2021 - Nitrate	ppm	10	10	0 - 0.04	No	Erosion of natural deposits
Unregulated Contaminants						
2019 - Sodium	ppm	N/A	N/A	30.8	No	Erosion of natural deposits
*Sodium is not regulated and is a recommendation only. If you are on a sodium restricted diet, please contact your health care provider for guidance.						

- **AL - Action Level**, the concentration of a contaminant which if exceeded, triggers treatment or other requirements.
- **EPA - Environmental Protection Agency**, sets water quality standards and establishes methods and monitoring requirements for water utilities.
- **MCL - Maximum Contaminant Level**, the highest level of a contaminant that is allowed in drinking water. MCL's are set as close to the MCLG's as feasible using the best available treatment technology.
- **MCLG - Maximum Contaminant Level Goal**, the level of a contaminant in drinking water which there is no known or expected risk to health. MCLG's allow a margin of safety.
- **PPB - Parts Per Billion**, the equivalent of one second in 32 years.
- **PPM - Parts Per Million**, the equivalent of one second in 12 days.
- **pCi/l - PicoCurie Per Liter**, a measure of radioactivity.
- **Result** - the column that shows you what level of contaminant was found in the water you drink.
- **TT - Treatment Technique**, a required process intended to reduce the level of a contaminant in drinking water.

Christmas Valley Domestic Water Source Assessment

An assessment of our water system has been completed by the Department of Human Services to determine susceptibility to potential sources of contamination. A copy is on file by contacting the office @ 541.576.2090.

Standards

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's safe drinking water hotline at 1-800-426-4791.

BACK IN THYME

HOLLYHOCK (Althea Rosea)

Hello Christmas Valley area, we are going to write on the herb Hollyhock. From Silverton where I grew up to everywhere I've observed nature. I always do my best to take in god's scenery. From trees to flowers, the mowed grass we smell, grace is always in plain sight. Do we look or smell? Have we forgotten grace is not just a spoken word it's the ability to slow down, and do what is called meditate, listen, pray, take the beauty and the love that was created wherever you are right now, take it in, enjoy it. I like to stop and smell the roses and the coffee lol. sorry again I haven't been around a bit my mom is fighting cancer doing ok up and down but progressively slowly hopeful, getting better. fighting w p.h. corn syrup n baking soda is one of the warriors but #1 prayers thank you.

Well here in Christmas Valley at our local post office you can see a good example of Hollyhock. Tall with ruffled lily pad shaped leaves. The many colors of the trumpet shaped flowers make an awesome rainbow array.

The name Althea comes from Alcea, the ancient Greek word for healing "Altho", which translates to Althea.

I read in "Gothichorrorstories.com", that the symbolism of the Hollyhock plant seeps over into the realm of the fairy folk. Fairies were said to use the blossoms as skirts. Not only that but the seed pods were known as "Fairy Cheese" beings that the seed pods looked like a cheese wheel. It was written there was a recipe dating from 1660 saying that hollyhock with 4 other herbs would allow mortals to see fairy folk.

*Commonly named Hollyhock-botanical name (Althea-Alcea Rosea) In Greek mythology Althea was the goddess of healing, protection, and family.
RE: TheAfricanGarden.com*

In KJV Bible-JOB chap 30 v 3-4 Hollyhock(mallo)and juniper is mentioned as meat. The plant was also used to depict St Joseph in paintings known as "St Josephs Staff", a symbol of gods leniency.

Hollyhock is a member of a 60 herb family known as the "Malvaceae" family. Hollyhock is a biennial or a short season perennial. The trumpet shaped flowers are from 7-15 cm wide depending on variety, from 1-4 ft in height. single stem with lilly pad shaped leaves every about every 4 inches.RE:PansyMaiden.com

One of the medicinal properties of hollyhock is its demulcent quality(soothes irritation and inflammation by creating film over mucus.)Using as a tea helps with inflammation in your gastrointestinal,genitourinary(genital and urinary organs),and respiratory tracts. Adding to dry on throat teas can help ease the dry effect,helps other teas to be more soothing. can be used as a mouthwash for inflammation in mouth. Also used as an herbal wash for rash and inflamed skin,bug bites. In the middle east the mucilage from the plant is mixed with dough and olive oil then applied to tumerous area.It can add color to a salad be used as a coloring agent and a hair dye.RE:TheHerbQuarterly.com

In the history of herbal remedies hollyhock has been used for. Fever in old times the plant was used for high fever. Its antipyretic properties help clear mucus from the nasal passage and reduces fever. For sore throat and cough. Flowers, stems, roots, and seeds are used. Possible natural sugar in roots. Improves appetite-tea for appetite stimulant. Good for womens kidney and womb irritation-promotes proper evacuation and flush of system.

Serious problems with digestive system? Might help with enteritis,colitis,peptic ulcers,mouth ulcers,and hiatal type ulcers. For teething infants in pain,cools burns,decoction helps with circulation,good conditioner?RE:HealthBenefitsTimes.com.

Well guys and gals not only is this a beautiful plant, but is also very beneficial. As I was going to our local dump recently I saw Horehound growing. Another very beneficial plant.

PEACE-----OUT-----SEAN

NATIONAL SUICIDE PREVENTION LIFELINE

1-800-273-TALK (8255)

suicidepreventionlifeline.org

SUICIDE WARNING SIGNS

These signs may mean someone is at risk for suicide. Risk is greater if a behavior is new or has increased and if it seems related to a painful event, loss, or change.

- Talking about wanting to die or to kill oneself.
- Looking for a way to kill oneself, such as searching online or buying a gun.
- Talking about feeling hopeless or having no reason to live.
- Talking about feeling trapped or in unbearable pain.
- Talking about being a burden to others.
- Increasing the use of alcohol or drugs.
- Acting anxious, agitated or behaving recklessly.
- Sleeping too little or too much.
- Withdrawing or feeling isolated.
- Showing rage or talking about seeking revenge.
- Displaying extreme mood swings.

Suicide Is Preventable. Call the Lifeline at:
1-800-273-TALK (8255).
