Who Brought Christmas Trees to America?

Most 19th-century Americans found Christmas trees an oddity. The first record of one being on display was in the 1830s by the German settlers of Pennsylvania, although trees had been a tradition in many German homes much earlier. The Pennsylvania German settlements had community trees as early as 1747. But, as late as the 1840s Christmas trees were seen as pagan symbols and not accepted by most Americans.

It is not surprising that, like many other festive Christmas customs, the tree was adopted so late in America. To the New England Puritans, Christmas was sacred. The pilgrims' second governor, William Bradford, wrote that he tried hard to stamp out "pagan mockery" of the observance, penalizing any frivolity. The influential Oliver Cromwell preached against "the heathen traditions" of Christmas carols, decorated trees, and any joyful expression that desecrated "that sacred event." In 1659, the General Court of Massachusetts enacted a law making any observance of December 25 (other than a church service) a penal offense; people were fined for hanging decorations. That stern

solemnity continued until the 19th century, when the influx of German and Irish immigrants undermined the Puritan legacy.

In 1846, the popular royals, Queen Victoria and her German Prince, Albert, were sketched in the *Illustrated London News*

standing with their children around a Christmas tree. Unlike the previous royal family, Victoria was very popular with her subjects, and what was done at court immediately became fashionable—not only in Britain, but with fashion-conscious East Coast American Society. The Christmas tree had arrived.

By the 1890s Christmas ornaments were arriving from Germany and Christmas tree popularity was on the rise around the U.S. It was noted that Europeans used small trees about four feet in height, while Americans liked their Christmas trees to reach from floor to ceiling.

The early 20th century saw Americans decorating their trees mainly with homemade ornaments, while the German-American sect continued to use apples, nuts, and marzipan cookies. Popcorn joined in after being dyed bright colors and interlaced with berries and nuts. Electricity brought about Christmas lights, making it possible for Christmas trees to glow for days on

end. With this, Christmas trees began to appear in town squares across the country and having a Christmas tree in the home became an American tradition.

PUBLIC NOTICE

Several of the properties in the Christmas Valley township have utility easements for the **Christmas Valley Water District.**

When you have a utility easement on your property, the utility company/Water District may have a range of legal rights.

A few restrictions you might face include:

- Utility company/Water
- District access without your approval.
- Utility company/Water
- District may restrict your use of the easement when your use can harm underground water mains, valves, water meters, and the like.
- Restrictions on physical alterations: You may want to make an improvement to a certain section of your property. But the utility easement may prevent certain upgrades, such as erecting a fence or a gate.
- Vegetation restrictions: The utility company may require regular access to a particular area and constantly tear up your garden. Additionally, many utility easements limit the planting of major trees in a specified area.

If you're considering purchasing a property with a utility easement, take some time to research the local laws and regulations.

If you have questions regarding your utility easement call:
(541) 576-2090 or (541) 947-6921

FREMONT-WINEMA NATIONAL FOREST URGES VISITORS TO PLAN AHEAD AND PREPARE FOR WINTER CONDITIONS

Lakeview, OR — December 1, 2022 — Enjoying the winter wonderland of your favorite forests is a highlight of the season. However, colder weather and snowy conditions at high elevations require extra caution to ensure a safe and enjoyable trip. Visitors are encouraged to plan ahead and prepare for changing travel conditions and overcrowding of favorite sites before heading out to the forest.

Know before you go. Plan your visit by checking road conditions and weather forecasts before traveling. Winter driving conditions can change rapidly especially at higher elevations. Most forest roads are not plowed or maintained in winter and can be difficult to navigate. Make sure you have the right vehicle and equipment for the road you plan to travel, keep vehicles on designated roadways, and start your trip with a full tank of gas. Do not use wheeled vehicles on roads that serve as designated snowmobile trails during the winter months and are closed to this type of use. Remember to pack a paper map and notify a friend or family member of plans. GPS units on phones and other devices are convenient, but please do not rely exclusively on them. Many areas do not have reception, driving directions sometimes are not up to date, and batteries can die. Forest staff recommend bringing traction devices and a shovel, extra food, drinking water, winter clothing, blankets, a flashlight, and a first aid kit.

Visitors should prepare to encounter overcrowded parking areas for popular recreational areas and plan alternatives ahead of time. Please park safely. Parking along highways, in turnouts, and outside designated spots blocks access for emergency vehicles and snowplows, and creates hazards to pedestrians and other drivers.

The Forest Service asks all visitors to review rules for safety and etiquette this winter recreation season. Remember to respect trail use signs; slow down and alert others when passing; yield to slower traffic; repair any damage you cause to maintained tracks; pick up after pets; offer assistance in emergencies; and be patient with each other.

All sno-parks require a sno-park permit. Permits are sold online, at Oregon DMV offices and by permit agents in resorts, sporting goods stores, and other retail outlets. Visit the Oregon DMV Sno-Park Parking Permits page for more information about permits and locations.

Recreate responsibly. Visit the Fremont-Winema National Forest website for winter recreation resources including the only approved winter trails map. You can help sustain our national forests by following Leave No Trace guidelines and packing out everything you pack in.

Winter Safety Tips for Pets

Stay warm

All pets need extra care in particularly cold weather, but older pets and those with thin coats are especially vulnerable.

Signs your pet is too cold:

- Shaking or shivering
- Reluctance to walk
- Hunched posture
- Lifting paws off the ground

Keep them warm:

- Jackets, sweaters, and booties
- Bring outdoor pets inside
- Shorten walks for vulnerable pets
- Don't leave pets in cars

Keep winter hazards out of paws' reach

Heaters that can be
knocked over

Anti-freeze

Toxic houseplants

Rodent poisons

Holiday décor

Holiday foods

Ice melt chemicals
and salt

Wipe paws before
coming inside to remove
salt and chemicals

Be seen

With fewer hours of daylight, make sure pets can be seen in the dark with reflective collars/harnesses or flashing lights.

Watch out for warmth-seeking animals

Check under your car, and bang on the hood or honk the horn to awaken any animals that may have sought shelter there.

Christmas Valley Park and Recreation District

invites everyone to enjoy
the Park and Rec properties.

We ask that while enjoying
the properties; specifically,
the Golf Course, the Rodeo
Grounds, the playground, the
multi-use field and Baert Lake,
that you be a good steward
and please do not litter, please
maintain control of your pets
by keeping dogs on a leash
and/or maintaining constant
supervision. If your dog should
defecate on the premises, please
be sure to pick up after it.

Horses and camping are only
permitted at the Rodeo Grounds.

Being good stewards and taking
pride in these properties reflects
on our community as a whole.

Thank you for your continued
support of Christmas Valley
Park and Recreation District.

The legacy of a gift...

Encouraging kids to gamble sends the message that it's okay to try other adult activities, like alcohol or vaping, and could mean they struggle with these issues later in life.

Because you care, talk to kids about making healthy choices.

A message from Lake Health District Prevention
Equal opportunity provider and employer

LETTER TO THE EDITOR

My wife and I came to Christmas Valley a little over a year ago. I had some apprehension about how I might be accepted due to frequent seizures. My heart has been warmed by the kindness and helpfulness of the community and businesses when this happen.

In the spirit of the Season I would like to extend my heartfelt gratitude to everyone in the community that has been so kind to me.
