PLANT A TREE IN CELEBRATION OF ARBOR DAY

Arbor Day—which literally translates to “tree” day from the Latin origin of the word arbor—is a holiday that celebrates the planting, upkeep and preservation of trees. For centuries, communities spanning the globe have found various ways to honor nature and the environment. However, the appreciation of trees and forests in modern times can be largely attributed to Arbor Day. And although Arbor Day may not have the same clout as holidays like Valentine’s Day or St. Patrick’s Day (or even Earth Day), it has a history with strong roots that branched out across multiple nations. Arbor Day 2023 will occur on Friday, April 28, and is typically celebrated on the last Friday in April in the United States.

As pioneers began moving into the Nebraska Territory, the lack of trees was felt deeply. Not only did the new residents miss the trees they left behind, they were also left without the trees they needed as windbreaks to keep soil in place, for fuel and building materials, and for shade from the hot sun.

Nebraska newspaper editor — and resident of Nebraska City, NE — J. Sterling Morton had an enthusiasm for trees and advocated strongly for individuals and civic groups to plant them. Once he became secretary of the Nebraska Territory, he further spread his message of the value of trees. And on January 4, 1872, Morton first proposed a tree planting holiday to be called “Arbor Day” at a meeting of the State Board of Agriculture.

The celebration date was set for April 10, 1872. Prizes were offered to counties and individuals for the largest number of properly planted trees on that day. It was estimated that more than 1 million trees were planted in Nebraska on the first Arbor Day.

Arbor Day was officially proclaimed in 1874 by Nebraska’s Governor, Robert W. Furnas, and the day was observed April 10 that year. In 1885, Arbor Day was named a legal state holiday in Nebraska, and April 22 was selected as the date for its permanent annual observance.

Many other states also passed legislation to observe Arbor Day each year. By 1920, more than 45 states and territories were celebrating Arbor Day. And the tree planting tradition became prominent in schools across the nation in 1882, with schoolchildren learning about the importance of trees as well as receiving a tree to plant in their own yard.

Today Arbor Day is celebrated in all 50 states. The most common date for the state observance is the last Friday in April — National Arbor Day, April 28th — but a number of state Arbor Days are at other times to coincide with the best tree planting weather, from January and February in the south to May in the far north.

And while Nebraska City, NE, is the official birthplace of the Arbor Day holiday, communities around the globe gather every year to celebrate trees and plant for a greener tomorrow.

PUBLIC NOTICE

Several of the properties in the Christmas Valley township have utility easements for the **Christmas Valley Water District.**

When you have a utility easement on your property, the utility company/Water District may have a range of legal rights.

A few restrictions you might face include:

- Utility company/Water District access without your approval.
- Utility company/Water District may restrict your use of the easement when your use can harm underground water mains, valves, water meters, and the like.
- Restrictions on physical alterations: You may want to make an improvement to a certain section of your property. But the utility easement may prevent certain upgrades, such as erecting a fence or a gate.
- Vegetation restrictions: The utility company may require regular access to a particular area and constantly tear up your garden. Additionally, many utility easements limit the planting of major trees in a specified area.

If you're considering purchasing a property with a utility easement, take some time to research the local laws and regulations.

If you have questions regarding your utility easement call:
(541) 576-2090 or (541) 947-6921

John Lloyd Wise

September 20, 1949

~

April 8, 2023

John Lloyd Wise was born September 20, 1949, in Fort Worth, Texas. He passed away on April 8, 2023, after a battle with cancer.

John is survived by his two brothers, Jack and Jamie, and two sisters, Joyce and Teresa, who all live in Washington State.

John graduated from Moses Lake High School and attended Big Bend College, and Montana Institute of the Bible.

John has lived in Montana, Washington, and Oregon ranching and farming. He came to Lake County in 1978. The Christmas Valley community would often see him in the blue squeeze off to load hay somewhere or enjoying coffee with friends at one of the local establishments over the years.

In lieu of flowers, John has asked that donations be made to the Christmas Valley Community Church missionary fund or to the church school.

There will be a celebration of life on Saturday, April 22nd, 2023, at the Fort Rock Church at 1:00 p.m.

CHIROPRACTIC
PHYSICIAN

I have been a chiropractor for 15 years and I absolutely love what I do helping patients improve and restore their health and lead a life of wellness. Chiropractic is based on the principal that health and wellness comes from within and spinal problems interfere with this balance.

I was born in Caracas, Venezuela. I received a Bachelor degree in Applied Sciences in Aviation at the University of Louisiana at Monroe. I also graduated from Parker College of Chiropractic, Dallas, Texas, in 2001. I practiced in Australia for 11 years before moving back to the United States and settling in Oregon.

I have a practice in Bend, Oregon and practice on Thursdays at the North Lake Health District.

I like to play soccer and other sports, but since moving to this area, hiking and skiing have become a new interest of mine. I am also very interested in yoga and I enjoy spending time with my three children.

After the Winter By Claude McKay

Some day, when trees have
shed their leaves

And against the morning's
white

The shivering birds beneath
the eaves

Have sheltered for the night,
We'll turn our faces south-
ward, love,

Toward the summer isle
Where bamboos spire the
shafted grove

And wide-mouthed orchids
smile.

And we will seek the quiet hill
Where towers the cotton

tree,
And leaps the laughing crystal
rill,

And works the droning bee.
And we will build a cottage
there

Beside an open glade,
With black-ribbed blue-bells
blowing near,

And ferns that never fade.
