Thank you

LUCAS KEMPTON DONATIONS:

I am wanting to thank each and every one that has donated not just financially, but for all the prayers as well for my grandson, Lucas.

I would love to be able to thank everyone in person, but there are so many. This is the only way I could come close to thanking you ALL.

Also, a huge thank you to all the businesses in town that allowed me to place a donation jar on their counter.

Lucas is on the mend and continues to make improvements daily. He has therapy of some kind five times a week. He is still having some issues with his eyes and sight, but continues to get better every day.

Once again, our family thanks each and every one of you for the donations and the continued prayers. We will take all the prayers given.

If you are interested in keeping up to date on how Lucas is doing, feel free to stop in at Robbins Equipment to see me (Grammy) and ask.

Thank you,

Dana Kempton & Family

Here is what is happening at
North Lake Health District
(NLHD)

As many know, LaPine
Community Health Clinic
will cease providing Primary
Healthcare services in
Christmas Valley as of
May 31, 2023.

The NLHD Board has sent out
an RFP (Request For
Proposal) to several Health-
care Provider organizations
any of them they would like to
see take over the clinic. In the
meantime, they have also had
interest from an independent
Healthcare Provider.

The NLHD Board would like
the community to know that
this is a time consuming
process and that there may be
a bit of time that the
healthcare clinic will be closed
in Christmas Valley. The
Board is confident that this
will just be temporary and
they are working diligently to
obtain a permanent
Healthcare Provider. Your
patience is deeply appreciated.

Of course this in no way
affects the other medical
center tenants. Dr. Arbow,
Dr. Eichner, Shawn Lavallee
and the staff at the Wellness
Center (Mental Health) are
still available and continue to
be on their own schedules.

NLHD Board Meetings are the
first Monday of every month.

BLM LAKEVIEW DISTRICT POSTER CONTEST: LOCAL STUDENTS EDUCATE THROUGH ARTWORK

LAKEVIEW, Ore. — The Bureau of Land Management (BLM), Pacific Northwest Four Wheel Drive Association and Tread Lightly recently partnered to host a Be Prepared poster contest highlighting “Know Before You Go” and “The 10 Essentials” for Lake County elementary students.

Connecting kids to public lands connects them to America’s natural and cultural heritage. In mid-May, interpretive presentations were held at the Union, North Lake, and A.D. Hay schools. Students were educated on the role that being prepared has in recreating responsibly. Subject matter included asking questions before you go, bringing the right supplies, and knowing how to tailor the two to different activities.

Grand Prize Entry from North Lake School

After each presentation, students were invited to design a work of art illustrating the importance of practicing responsible outdoor ethics and enter it into the contest. A total of 18 posters were entered in this year’s competition and reviewed by a panel of judges. The judges evaluated each poster using the criteria of creativity, originality and messaging.

This year’s Grand Prize Winner is from North Lake School. Grand prize winners received \$100 and a backpack for their exceptional artwork.

Additional contest prizes were awarded to runner-up winners for their significant contributions:

2nd Place – Irelynn Anderson – A.D. Hay Elementary

3rd Place – Dycen Gerber – Union

Runners Up - Emma Harmon, Kellon Hutchison, Noah Havelly, Amelia Bergren, Samara Morris, Tatum Sutfin, Garret Wright, Rachel Murphy, Sophia Brant, Jake Kech, Austin Matthews, Shaelynn Delarm, Cole Holderman, Caleb Mitchem, Anthony Enriquez

The posters designed by the grand prize winner will be displayed at the BLM Lakeview District’s front desk, where they will be on view to the public. In addition, all remaining posters will be rotated through kiosks at various BLM recreation sites across Lake County over the next year. Contest funding was generated from a fun run hosted by the Pacific Northwest Four Wheel Drive Association at the Christmas Valley Sand Dunes over Memorial Day weekend.

Dear North Lake Community, Friends, and Family,

North Lake Swine 4-H Club would like to thank you so much for attending our chili feed! It was a great turn out. We know some people traveled a long way to join us, and everyone loved seeing you. Our members really appreciate your time and donations; we cannot thank you enough!

The funds raised will help support our club with field trips and supplies at the fair.

We had a great time doing the chili feed, and we cannot wait to see you again next year!

Sincerely,

PRESIDENT'S INVESTING IN AMERICA AGENDA TO INVEST \$10 MILLION IN RESTORATION WORK IN OREGON

PORTLAND, Ore. — As part of the President's Investing in America agenda, the Bureau of Land Management will invest \$10 million from the Inflation Reduction Act to increase fire resiliency and protect native vegetation on public lands in Oregon. This funding will be focused in two landscape areas called the Southwest Oregon and Southeast Oregon Sagebrush Restoration Landscape Areas.

This funding is part of the BLM's announcement to invest \$161 million in ecosystem restoration and resilience on the nation's public lands. The work will focus on 21 "Restoration Landscapes" across 11 western states, restoring wildlife habitat and clean water on public lands and strengthening communities and local economies.

These investments follow the release of the Department's restoration and resilience framework to leverage historic investments in climate and conservation to achieve landscape-level outcomes across the nation. The Department is implementing more than \$2 billion in investments to restore our nation's lands and waters, which in turn is helping to meet the conservation goals set through the America the Beautiful initiative.

"From the forest watersheds of southwest Oregon to the sagebrush sea of southeast Oregon, many of our public lands are in need of significant restoration," said Barry Bushue, OR/WA BLM State Director. "Focusing on these specific landscapes is a step toward that restoration. This generational legislation will help us reduce fuels and better protect our communities and public lands from the increasing threat of wildfire. It will also help us restore habitat for declining, vital species—like the coho salmon our Tribal partners have depended on for thousands of years and the greater Sage-grouse whose status as a keystone species helps indicate healthy sagebrush habitat."

Like many forest watersheds, over time, the timberland of the Southwest Oregon Landscape Restoration Area has been greatly simplified, and stream channels degraded, with fish and other aquatic life declining as a result. Restoration here will focus on the threatened Oregon Coast coho salmon, using aquatic and upland restoration projects also supporting the recovery of other fish, amphibians, birds, and plants. In addition, projects will build wildland-urban interface forest resilience.

Conservation of habitat for greater sage-grouse is the priority for the Southeast Oregon Sagebrush Restoration landscape. Planting sagebrush, treating invasive or encroaching vegetation, promoting the growth of native vegetation, and creating fuel breaks in uplands will restore habitat for hundreds of species. In addition, restoration in the Warner sub-basin will focus on the aquatic systems that the threatened Warner sucker and Lahontan cutthroat trout require. Restoring floodplains and riparian areas and improving instream habitat also enhance the value of the Warner wetlands as a migratory bird flyway.

Efforts in these restoration landscapes will improve the health of public lands that are being significantly degraded by invasive species, unprecedented wildfire events, unregulated use, and climate change. With these investments, landscapes will be better able to provide clean water, habitat for fish and wildlife, recreation opportunities, and will be more resilient to wildfire and drought.

Resilient public lands are critical to the BLM's ability to manage for multiple use and sustained yield. Therefore, once-in-a-generation funding from the Inflation Reduction Act will be directed to landscapes where concentrated, strategic investment through partnership can make the most difference for communities and public resources under the BLM's management.
