THE ANNUAL CHRISTMAS VALLEY PARK AND RECREATION DISTRICT INDEPENDENCE DAY GOLF TOURNAMENT Has Great ATTENDANCE ONCE AGAIN

The 2023 Golf Tournament was held on Sunday, July 2nd. There were 52 participants this year!

CVPR would like to thank Greg & Kristen Rondeau and Dan & Kathy Kinion for hosting the BBQ at their lovely home on the 6th Green.

A lot of work went into getting the golf course ready for this event. We are fortunate to have Robbie Newport, our Greenskeeper, who worked long hours to get the Green's repaired and the golf course ready for this event. Our CV Golf Committee members, Dan Maple, Greg Rondeau and Dan Kinion made sure the course was ready, as well.

Thank you to all the sponsors and businesses that religiously support our annual tournament and provide great raffle items for our participants: Christmas Valley Market (Fast Break), J.W. Kerns, Robbins Equipment, Sagewood Grocery, Santa's Hardware, Brim Tractor, Handde Pump & Electric, and Oregon Country Realty.

The CV Golf Committee would also like to thank their Board representative, Shara Shumway, for her hard work year after year. She does a lot of the shopping for the BBQ, and she is always there to resolve any problem that may arise; she keeps everything running smoothly. Thank you, Shara!

PUBLIC NOTICE

Several of the properties in the Christmas Valley township have utility easements for the **Christmas Valley Water District**.

When you have a utility easement on your property, the utility company/Water District may have a range of legal rights.

A few restrictions you might face include:

- Utility company/Water District access without your approval.
- Utility company/Water District may restrict your use of the easement when your use can harm underground water mains, valves, water meters, and the like.
- Restrictions on physical alterations: You may want to make an improvement to a certain section of your property. But the utility easement may prevent certain upgrades, such as erecting a fence or a gate.
- Vegetation restrictions: The utility company may require regular access to a particular area and constantly tear up your garden. Additionally, many utility easements limit the planting of major trees in a specified area.

If you're considering purchasing a property with a utility easement, take some time to research the local laws and regulations.

If you have questions regarding your utility easement call:
(541) 576-2090 or (541) 947-6921

HELMUT EICHNER, D.C.

CHIROPRACTIC PHYSICIAN

I have been a chiropractor for 18 years and I absolutely love what I do helping patients improve and restore their health and lead a life of wellness. Chiropractic is based on the principal that health and wellness comes from within and spinal problems interfere with this balance.

I was born in Caracas, Venezuela. I received a Bachelor degree in Applied Sciences in Aviation at the University of Louisiana at Monroe. I also graduated from Parker College of Chiropractic, Dallas, Texas, in 2001. I practiced in Australia for 11 years before moving back to the United States and settling in Oregon.

I have a practice in Bend, Oregon and practice on Thursdays at the North Lake Health District.

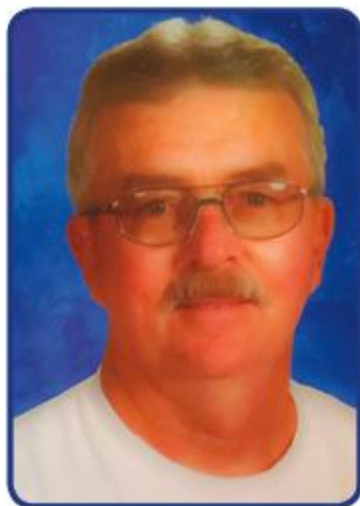

I like to play soccer and other sports, but since moving to this area, hiking and skiing have become a new interest of mine. I am also very interested in yoga.

I have three children, Eros, Mateo and Athena and I have been adjusting them since they were born.

IN LOVING Memory

Greg Prociw

January 13, 1954 ~ June 17, 2023

Greg is preceded in death by his step dad, J.B. Greg is survived by his mother, Marjorie Colter, and his sister, Linda Prociw.

Greg was always happy go lucky. He enjoyed going camping. He loved working outside in the yard. He kept the sage brush in the front yard trimmed like 'bonsai' trees.

He liked giving people guff and joking around with them.

He will be and is missed very much.

May he rest in peace.

That Day

Remember in the summer
when we walked along the road?
You found a caterpillar.
I found a little toad.

We talked about the tadpole
my toad had been in spring.
We imagined your small caterpillar
growing glowing wings.

We were quiet as we thought
of what once was and what will be.
Sometimes I think about that day.
Summer. You. And me.

Summer

By Shirley McNulty

Lie back on the fresh cut grass
And look up to the sky
Summer sunshine warms my face
As butterflies fly by

I rest my head and think about
The things that make me smile
Summer sunshine always makes
The world so nice and bright

Thank you Summer for the
sun
And all the reasons why
Summer is the best of all
The Seasons that go by!

Smiling is infectious,
you catch it like the flu,
When someone smiled at me today,
I started smiling too.

I passed around the corner
and someone saw my grin
When he smiled I realized
I'd passed it on to him.

I thought about that smile
then I realized its worth,
A single smile,
just like mine
could travel round the earth.

So, if you feel a smile begin,
don't leave it undetected
Let's start an epidemic quick,
and get the world infected!

It's Hot Out!

Don't Leave Your Pet in the Car!

120°
Within 30 minutes, the car's interior can climb from 85° to 120°.

102°
On an 85° day, it only takes ten minutes for the inside of your car to reach 102°.

90°
Even if the temperature outside is only 70°, the inside of your car may be as much as 20 degrees hotter!

Pets most at risk for overheating are young, elderly or overweight animals, those with short muzzles and those with thick or dark-colored coats.

A car may overheat even when the windows have been left open an inch or two.

Shade offers little protection on a hot day and moves with the sun.

Many states and local governments have laws that prohibit leaving an animal unattended in a motor vehicle under dangerous conditions, which includes hot days. Your car could be damaged or you could be charged with a crime.

If you see an animal in a car on a hot day, try to locate the owner, or call 911! Stay by the car until help arrives.
