ASHER CHC IN THE PROCESS OF OPENING THE CHRISTMAS VALLEY CLINIC

The medical facility in Christmas Valley is in the process of being reopened (exact date still to be determined) under the umbrella of Asher Community Health Center (ACHC) as a satellite location. Since taking over the operation of the Christmas Valley Clinic, Asher CHC has been busy working behind the scenes to get the clinic operational. While Asher CHC administration and staff are anxious to get the clinic operational, the clinic is waiting on the proper licenses and certifications that are required from the proper agencies to be able to provide medical services once again.

In the meantime, since taking over, Asher CHC has hired Denise Griffiths, NP who cared for patients at the Christmas Valley clinic for five years, to once again provide medical care at the Christmas Valley Clinic. Denise has been busy helping Asher with the initial set up of the clinic. Starting in February 2024, the ACHC Christmas Valley Clinic will begin opening in stages. Initially, a front desk employee will have the clinic site open for limited hours to distribute New Patient Registration Packets. While ACHC waits for the final certifications to be able to re-open the building, Griffiths will begin seeing patients via tele-health virtual visits. Once the final paperwork is received, the site will be able to open fully, with a complete set of medical and front desk staff.

Mailers are beginning to go out to the residents in the region with more detailed information, and additional information can also be found at the AsherHealth.org website.

PUBLIC NOTICE

Several of the properties in the Christmas Valley township have utility easements for the **Christmas Valley Water District**.

When you have a utility easement on your property, the utility company/Water District may have a range of legal rights.

A few restrictions you might face include:

- Utility company/Water District access without your approval.
- Utility company/Water District may restrict your use of the easement when your use can harm underground water mains, valves, water meters, and the like.
- Restrictions on physical alterations: You may want to make an improvement to a certain section of your property. But the utility easement may prevent certain upgrades, such as erecting a fence or a gate.
- Vegetation restrictions: The utility company may require regular access to a particular area and constantly tear up your garden. Additionally, many utility easements limit the planting of major trees in a specified area.

If you're considering purchasing a property with a utility easement, take some time to research the local laws and regulations.

If you have questions regarding your utility easement call:
(541) 576-2090 or (541) 947-6921

Repeatedly coming out of the cold into the dry heat of your home can cause itchy, flaking skin. Keep your home humidified and towel dry your pet as soon as he comes inside, paying special attention to his feet and in-between the toes. Remove any snow balls from between his foot pads.

If your dog is long-haired, trim him to minimize the clinging ice balls, salt crystals and de-icing chemicals that can dry his skin, and don't neglect the hair between his toes. If your dog is short-haired, consider getting him a coat or sweater with a high collar.

After each walk, wash and dry your pet's feet and stomach to remove ice, salt and chemicals—and check for cracks in paw pads or redness between the toes. Massaging petroleum jelly or other paw protectants into paw pads before going outside can help protect from salt and chemical agents. Booties provide even more coverage. Use pet-friendly ice melts whenever possible.

Pets burn extra energy trying to stay warm in wintertime. Feeding your pet a little bit more during the cold weather months can provide much-needed calories.

Make sure your pet has a cozy warm place to sleep. A cozy dog or cat bed with a warm blanket or pillow is perfect.

Remember, if it's too cold for you, it may be too cold for some pets. If left outdoors, pets can freeze, become disoriented, lost, stolen, injured or killed. In addition, don't leave pets alone in a car during cold weather, as cars can act as freezers that hold in the cold and cause animals to freeze to death.

FEBRUARY'S MOODS

Old February can't decide
Just what he wants to do.
Most of the time he's raining, but
There's snow and blizzards, too.

Sometimes he's cold and very nasty,
Then he gets so mild!
And gentle tears come trickling down,
Quite pleasing to a child.

Guess old February can't
Be helped in any way.
We'll just put up with his wild moods -
And cheer when he goes away!

by Lenore Matrick

18 Fun Facts about the US PRESIDENTS

1. The teddy bear was named after Theodore Roosevelt. On a camping trip, Roosevelt refused to shoot a small bear cub. The teddy bear was born!
2. Grover Cleveland is the only president to serve two non-consecutive terms.
3. Dwight Eisenhower is the only president to serve in both WWI and WWII.
4. Andrew Jackson had a parrot that was so profane, it had to be removed from Jackson's funeral for swearing.
5. James Garfield survived an assassination attempt, only to die from blood poisoning after doctors attempted to remove a bullet from his back. It is said Garfield could have survived with the bullet in his back. His assassin, Charles Guiteau, claimed that he didn't kill the president, the doctors had. He was hanged anyway.
6. Martin van Buren was the first President to be born a US citizen.
7. John Tyler was born in 1790, and still has two living grandchildren.
8. Woodrow Wilson is the only President to have earned a Ph.D. He didn't learn to read until he was 10 years old.
9. James Madison was the shortest President. He was only 5'4" and never weighed more than 100 pounds.
10. Once, while giving a speech, Teddy Roosevelt was shot. He continued to deliver his speech with the bullet in his chest.
11. William Taft is known as the largest President. Dubbed "Big Bill," Taft weighed 325 pounds, and often got stuck in the White House bathtub.
12. William Henry Harrison gave the longest inauguration speech - 8,578 words in one hour, 40 minutes. Unfortunately, it was cold outside during his speech, he caught pneumonia, and died exactly one month later.
13. Franklin D. Roosevelt was in office for four terms, from 1933-1945. He served 12 years, 1 month, and 8 days, until dying right before WWII ended. He is the only President to serve more than two terms.
14. George Washington gave the shortest inauguration speech on record - 133 words and less than two minutes long.
15. John F. Kennedy was the first Roman Catholic to be president, the first Boy Scout to become president, and the first president to be born in the 20th century.
16. Abraham Lincoln created the Secret Service hours before his assassination.
17. Calvin Coolidge had a pet pygmy hippopotamus named Billy.
18. During WWII, ten men survived a plane crash after being shot down by the Japanese. Only one was rescued, and the other nine men died at the hands of the Japanese. The lone survivor was George H. W. Bush.
