Lake County Board of Commissioners Hold Public Hearings in Christmas Valley

Lakeview, OR – The Lake County Board of Commissioners held public hearings on April 1, 2024, at the Christmas Valley Community Hall. The purpose of the hearings was to elicit public comment regarding the proposed application for two Community Development Block Grants from Business Oregon.

The first proposed grant request was for the Christmas Valley Water Supply District's Phase 3 Water System Improvements. The aging Christmas Valley water system provides water for approximately 1,000 people in an area of 4.7 square miles. The approximately 40 miles of distribution piping was installed in the 1960's, and has leaks throughout the system. The Water Supply District has completed some pipe replacement, but there is still over 25 miles of pipe to be replaced.

The Phase 3 Project includes replacement of approximately 3.5 miles of pipe, including valves and hydrants. The estimated cost of the project is \$2,626,000.00. The proposed grant fund request was \$2,500,000.00.

The second proposed grant request was for funds to design and construct a new library building in Christmas Valley. The lease for the current library building ends in June of 2025, and will not be renewed. The Christmas Valley Library Board would like to provide library services from a larger and more energy efficient building. The proposed new building is a single level, 5,000 square foot facility.

The proposed grant fund request was \$1,500,000.00 for design and construction of the new library building.

Commissioners answered questions from the public assembled at the Community Hall. Those in attendance were interested in both projects, and voiced their support. Commissioners noted this was a great way to bring taxpayer money back into the community, and made it clear to those assembled that there is no requirement for matching funds to apply for the grants. The grants cover 100% of the requested project costs.

After closing the hearings, the Commissioners voted unanimously to authorize the grant writer to submit the preliminary request for funding to Business Oregon. The preliminary request was submitted on April 2, 2024, and was approved later that day. The next step in the process is to submit the full application for approval.

Business Oregon is a taxpayer funded economic development agency, governed by a five-member Finance Committee. Learn more about Business Oregon at www.oregon.gov/biz.

BLM to hold public meetings on greater sage-grouse land use plan amendments

LAKEVIEW, Ore. - The Bureau of Land Management manages the largest single share of sage grouse habitat in the United States—nearly 67 million acres of 145 million total acres. The draft plan offers a range of alternatives for sustainable management of these lands. Balancing a consistent management approach across the range while addressing conditions and policies unique to individual states, BLM will be able to work more effectively with state and local managers to protect and improve sagebrush habitats on public lands.

The draft environmental impact statement and plan amendments is open for public comment. The comment period will end on June 13, 2024. For more information on how to comment on this draft visit <https://www.blm.gov/sagegrouse>. A final environmental impact statement is expected this fall, followed by Records of Decision in each state.

Plant a Tree in Celebration of Arbor Day April 26th, 2024

Arbor Day sprouted from the mind of a zealous tree lover named Julius Sterling Morton, who had a passion for planting all kinds of trees.

The first Arbor Day occurred on April 10, 1872, in Nebraska City, Nebraska. It's estimated that nearly one million trees were planted on this day.

By 1885, Arbor Day had become a legal holiday in Nebraska. (The date was changed to April 22 to honor Morton's birthday, which was also the 22nd of April.) On that day, thousands of Nebraska City citizens turned out for one big party, including 1,000 schoolchildren who formed a parade.

Within 20 years of its creation, the holiday was celebrated in every American state except Delaware, which eventually joined in.

Particularly pleasing to Morton was the fact that schools across the country began celebrating Arbor Day by dedicating the trees they planted to special people.

Who Was Julius Sterling Morton?

Morton was born in Adams, New York, in 1832, but his life took a decisive turn on his wedding day in October 1854. After he and his bride, Caroline Joy French, were married in Detroit, they headed west for adventure in the wilds of Nebraska Territory. The couple settled on 160 treeless acres (the key word here is treeless).

Despite having a busy career and four sons, Morton planted thousands of trees on the homestead he called the Morton "ranch." He planted an apple orchard, as well as peach, plum, and pear trees, plus cottonwoods, evergreens, beeches, and more.

Morton took every opportunity he could to spread the word. He gave speeches and filled his newspaper with agricultural advice, urging Nebraskans to plant trees and try new crops.

Today, the family home, Arbor Lodge, is a state park in Nebraska City, Nebraska. Over the years, Arbor Lodge grew from a four-room home into a 52-room mansion, complete with a terraced garden, a pine grove, and 65 acres of more than 250 varieties of trees and shrubs.

J. Sterling Morton died at the age of 70 on April 27, 1902, writing just a month earlier that he hoped to plant trees as soon as the weather turned warm. A statue of him stands in the National Hall of Fame in Washington, D.C.

The Circus is Coming!!

The Culpepper & Merriweather circus is coming back to Lakeview. They were here a few years ago and blew us all away with the fun and frivolity of the real big top circus.

Once again, the Chamber is happy to partner with the Lake County School District #7 to bring the circus to the field behind Lakeview High School for two shows; 5:00 and 7:30 on May 15, 2024. Tickets are \$13 for adults and \$8 for kids under 12 and for seniors.

You can pick up tickets now at the Lakeview Chamber office.

BLM SEEKS VOLUNTEER HOST FOR GERBER RECREATION AREA

KLAMATH FALLS, Ore. – If you are an outdoor enthusiast looking for some adventure this summer, the Bureau of Land Management (BLM) might have just what you are looking for. The BLM Klamath Falls Field Office is looking for volunteer campground hosts for the Gerber Recreation Area.

"This location is right by the water and is great opportunity for an adventuresome person or couple with an RV," said Acting Field Manager Mike Limb. "We are looking for someone who would enjoy working with the public and maintaining the campground." The campground host makes visitor contacts and helps with minor maintenance like painting, cleaning restrooms, cutting weeds, and restocking permits and fee envelopes.

The BLM is seeking volunteers to live on-site from mid-May through mid-October. The BLM will provide the selected hosts an RV camping spot, electrical, propane, and sewer. The camp host chosen will also receive a small stipend to help cover incidental expenses.

Gerber is set on a vast plateau in the high desert about one hour's drive east of Klamath Falls, Oregon. Mountain ridges and scattered Ponderosa Pine forests add variety and texture to the area. Gerber offers opportunities for camping, fishing, hiking, horseback riding, and mountain biking, along with access to 100,000 acres of backcountry suitable for exploring, hunting, wildlife viewing, and scenic OHV driving. Developed campsites are available at Gerber North and South Campgrounds. The area also offers primitive campsites, a horse camp, and a day-use area as well as two boat ramps.

For additional information about this site and to apply, please visit <https://www.volunteer.gov/s/volunteer-opportunity/a093d0000013WaLAAU/2024-gerber-recreation-area-campground-host>, or contact Steven Jensen at (541) 885-4129. A federal background check is required for all new BLM campground hosts.

Klamath Falls Field Office Selling Firewood Permits

KLAMATH FALLS, Ore.— The Bureau of Land Management Klamath Falls Field Office will begin selling firewood permits starting April 15, 2024.

To purchase a firewood permit online:

Go to <https://forestproducts.blm.gov/>

Click on Oregon, select the Field Office, and then select Fuelwood.
Complete and submit the application.

Enter your credit/debit card information. Your payment will be processed within minutes, and you will then print your permit.

You will also receive an email with all the maps, stipulations, load tags, and documentation you will need to cut and remove products from BLM land safely. All purchased permits are final; no refunds will be granted.

Firewood cutting permits are for personal use only. The cost of a firewood permit is \$5 per cord, two cord minimum, eight cord maximum per household per year. Permits are valid for each calendar year.

"It's the woodcutter's responsibility to obtain, understand, and follow the rules in effect at the time and place where they are cutting firewood," said Acting Field Manager Mike Limb. "Including current fire restrictions and requirements for chainsaw operation."

A commercial firewood permit is required for individuals who want more than eight cords and want to cut wood for resale or commercial use.

While out cutting firewood, remember to have your permit and map. Follow all permit stipulations and use caution to prevent wildfires. Please stay on existing roads and review your map to ensure you are on lands managed by the BLM and within authorized firewood cutting units.

For more information or to purchase your permit in person, call the Klamath Falls Field Office at 541-883-6916.
