Lake County Burn Ban in Effect for 2024 Fire Season

Oregon Department of Forestry (ODF) declared the beginning of 2024 fire season on June 7, 2024. Lake County Commissioners remind Lake County residents County Ordinance 27 states a county-wide burn ban shall take effect immediately upon the declaration of Fire Season by ODF. The full ordinance may be accessed at: https://cms3.revize.com/revize/lakecounty/county_ordinances/docs/Ordinance%2027%20County%20Burn.pdf.

Lake County Ordinance 27 prohibits the burning of yard debris; outdoor campfires or bonfires; exploding targets; sky lanterns; and burning of combustible materials on private or public property throughout the unincorporated areas of Lake County, including County-owned lands and private property. Federal, State, City and Town lands place their own restrictions.

Call before you burn. Prohibited burning will be enforced by the Lake County Sheriff and your local District Fire Chief. They have the authority to order any fire activity to be immediately extinguished. If you fail to extinguish a fire when directed to do so you may be issued a Class B Violation. Burn permits may be issued by the fire authority within your jurisdiction.

Ordinance 27 does not prohibit burning for the purpose of heating in a stove, furnace, fireplace or other heating device used for habitation.

A Word From the CV Radio Club

Using a radio to communicate is no longer just a nostalgic memory of an age before cell phones and the internet, it is making a resurgence in our wonderful spot in this world.

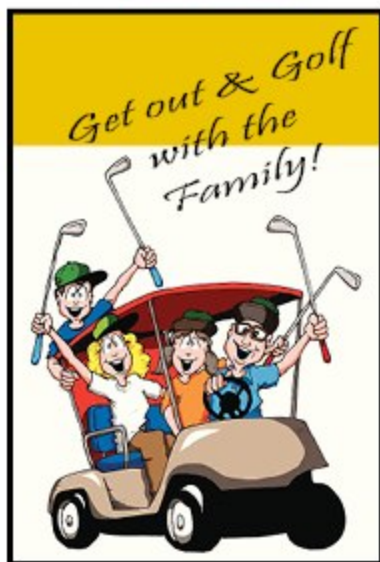

We have a thriving community who is back to 'chit chatting' on the airwaves on our mobile and base radios, both CB's and GMRS. GMRS is an inexpensive but efficient way to stay in touch with each other and keep informed, just like

CB. Whether it is a situation like a wildfire, power outage, calling for help, staying caught up with the weather, or just shouting out to your friends and chatting about whatever tickles your fancy, it can be and has always been a handy tool.

If you would be interested in learning about any of this and/or becoming part of our group, we would love to hear from you.

Contact us at CVRadio.org for times and places and channels, or call Garner 530-776-8676 or Dave 541-761-5467.

Lake County Board of Commissioners Change Landfill Days of Operation

Lakeview, OR – The Lake County Board of Commissioners heard recommendations at their June 4, 2024, Work Session for changes to the Thomas Creek Landfill days of operation. Recent County layoffs have diminished staffing options for the landfill and transfer sites.

For safety and DEQ compliance reasons the landfill must always be staffed by three people on days when there is commercial and public dumping. The landfill must be staffed by a minimum of two people on days when the landfill is open only to commercial dumping. The recent staff reduction left the landfill without staff to cover vacations or sick days. If someone were to call in sick under the current schedule the landfill would potentially have to be closed to the public due to understaffing.

Lake County Facilities and Properties Manager David Berman offered the commissioners two options to consider. The first option offered was to change the days of operation to fit the current staffing levels. The recommendation was to close the Thomas Creek Landfill on Sundays. The landfill would be open on Tuesday to commercial dumping only, and open to the public Wednesday through Saturday. The schedule would allow staff to work four consecutive 10-hour days, and five consecutive 8-hour days for the scale house attendant. The schedule would allow for coverage when staff were sick or on vacation, while continuing to staff the transfer sites in Paisley and Christmas Valley. Staff work 10-hour days to complete required safety and compliance tasks while the gates are still locked.

The second option was to not make any changes and risk closing the landfill to public dumping when staff were sick or on vacation. This would leave four of the five days of operation at risk for closures.

Commissioners discussed that the landfill had been open on Sundays for as long as any of them could remember, but agreed changes were necessary. They also discussed the importance of giving employees a work week of consecutive days. It is difficult to keep employees if their schedule only allows for one day off at a time.

During the Commissioners Regular Session held on June 5, 2024, in Silver Lake, the Commissioners voted to change the days of operation for the Thomas Creek Landfill. The landfill will be open to public dumping 8:30 a.m. to 4:00 p.m. Wednesday through Saturday. Tuesday will be commercial dumping only. The Paisley and Christmas Valley transit site schedule will remain the same. The new schedule will begin July 8, 2024.

BLM seeks input on proposed management updates in Southern Oregon

LAKEVIEW, Ore. — The Bureau of Land Management is seeking public comment on a Draft Environmental Impact Statement (EIS) for amending the 2003 Lakeview Resource Management Plan, which would update the management of 3.2 million acres of BLM-managed public lands in Lake and Harney counties. The amendment, which has been prepared to respond to a 2010 court settlement, addresses the management of public lands for wilderness characteristics, recreation, and grazing.

“We welcome the public’s insight and input into how we can appropriately balance the management of these lands,” said Jami Ludwig, BLM Lakeview Field Manager. “This plan will help guide BLM’s management of this landscape for the next 20 years.”

As directed by the 2010 settlement, the BLM’s draft EIS and plan amendment consider a wide-range of management options for lands with wilderness characteristics, grazing, and outdoor recreation, including off-highway vehicle use. Public comments received on this draft will help inform the development of a final plan, which could combine management approaches from several of the draft alternatives, if appropriate.

The BLM plans to host an in-person public meeting in Lakeview and two virtual public meetings during the comment period to discuss and answer questions about the plan. The BLM will announce these meetings at least 15 days in advance through the BLM

National NEPA Register, public notices, media releases, social media, and/or mailings.

A Notice of Availability will publish in tomorrow’s Federal Register to open a 90-day comment period. Project information is available at the BLM National NEPA Register where written comments may be submitted via the “Participate Now” option (preferred) by Sept. 4, 2024. Comments may also be submitted to BLM_OR_LV_RMP_Team@blm.gov, or delivered to BLM Lakeview District, 1301 South G Street, Lakeview, OR 97630.
