What a Difference a Year Makes in the Life of the Christmas Valley Runway Reconstruction Project

In mid-December 2023 Karen Morgan, the Christmas Valley Park and Recreation District's Office Manager, was contacted by the FAA project manager assigned to the Christmas Valley Airport Reconstruction Project, they had been working closely to get the final paperwork completed for the grant to fund the project; nearly \$7 million dollars. The phone call was devastating. Morgan was informed that the FAA was pulling the funding for the project. Morgan asked for an explanation and was told that the Christmas Valley Airport was "too small" and that other larger airports needed the funding. Morgan's pleas for the Christmas Valley Airport's funding fell on deaf ears, she was told that CVPR could reapply in 2030. That was simply unconscionable to Morgan. A succession of CVPR Board of Directors had been working on getting the FAA funding for this project since 2002.

Finally, the stars had aligned to get the project fully funded, as the other grants necessary to fund the obligatory matching funds of 10% of the FAA grant, at the time \$700,000, lined up for this project as well. To reapply in 2030 meant nearly 30 years since the original application. So, would starting over again in 2030 mean the stars would not align again until 2060? Unthinkable!

Morgan reached out to United States Senator, Ron Wyden's, office by email and explained that the CV Airport was no ordinary "small" airport, that it is much more than a recreational airport that the FAA was making comparisons to. Morgan informed the Senator that the CV Airport supports the local farmers and ranchers who have hay buyers and crop dusters fly into the remote area, and Life Flight who airlifts medical emergencies to the nearest hospital in Bend, OR,

and that the airport is available for use as a Helibase during fire season. She went on to explain that the airport was put in during the 1960's and was paved in the 1980's, and is deteriorating. She outlined the time line of the past two years of how CVPR had been diligent to get all of the requirements met for the FAA funding, and part of that process was contracting with Century West an engineering consulting firm and setting aside matching funds for part of the project, as well as, setting in motion the application for the remainder of the matching funds.

The day after Morgan sent the email she was contacted by Senator Wyden's Senior Policy Advisor, Sydney Beasley and a Zoom meeting was scheduled to discuss the matter further. In early, January 2024, Beasley, Morgan,

Continued on page 6.

CV Airport continued from page 5.

Shara Shumway, CVPR Board Chair, and Nichole vanEikeren, Senator Wyden's Central Oregon Field Representative met via Zoom. A subsequent Zoom meeting was held with the addition of the Century West engineers, Greg Reince and Mark Hagedorn, who provided all of the technical details to the Senator's office.

vanEikeren told Morgan not to get her hopes up that Senator Wyden may not be able to do anything to help get the FAA funding back. Morgan replied that she had gone to Washington D.C. to advocate for charter schools back when there was only one charter school in the state of Oregon. Senator Wyden was the only one who took the time to meet with her and discuss charter schools, now there are 136 charter schools in the state of Oregon, she said "I have faith in Senator Wyden".

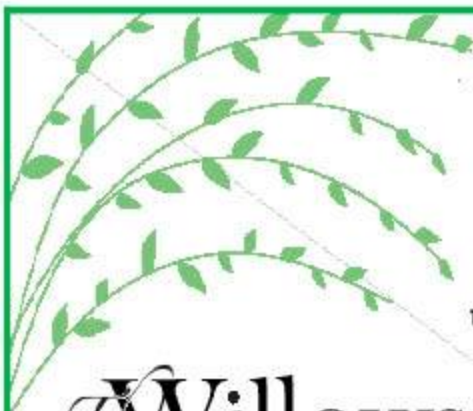

In early February 2024, Morgan was contacted by the FAA project manager telling her that Christmas Valley Airport was receiving their funding back. That same month the application was filed for the Connect Oregon grant for the matching funds, and this fall it was announced that CVPR was approved for the matching funds grant. During the application process, the FAA announced that they were only going to ask for 5% matching funds instead of 10%, so CVPR was able to lower the amount asked for in the Connect Oregon grant. Also, CVPR received the \$55,000 COAR grant that had been applied for.

The CV Airport's design phase is finally underway and in 2026 the reconstruction phase will be underway. The stars have truly aligned for the Christmas Valley Airport.

Best Wishes
for a merry Christmas

The Meaning of Christmas

by John P. Read

*Across a white December night,
Each home is filled with candle
light.*

*The moon shines brightly in a
golden sky.*

*Stars are twinkling way up
high.*

*The cool, still air, a glistening
frost,*

*Smoking chimneys on white
rooftops.*

*The Christmas tree, the
mistletoe,*

*Christmas carols, our loved
ones at home.*

*Christmas is a time for
merriment and cheer.*

*It's also a time to thank God
we're here.*

*So when we wake on a bright
Christmas morn,*

*Remember the reason we
celebrate.*

*It's the day our Saviour was
born.*

The New Year 2025 will see the Opening of Christmas Valley's new Dentist Office

There are a few final touches and some administrative details to attend to, and soon the first dentist office in Christmas Valley will be open for business.

Asher Community Health Center has agreed to operate the dental office, in addition to the clinic. Asher currently operates two rural dental offices in Wheeler County.

Asher will employ Dr. Wright as the dentist for the clinic and will hire a dental hygienist and dental assistant.

North Lake Health District (NLHD) broke ground on the dentist office project in January 2024.

The project has been very much a local project with Rich Krabill of Krabill Enterprises winning the bid to build the dentist office and Billy Effingham, originally from Christmas Valley, who works for A-dec Dental Equipment out of Newberg, OR helping with

securing the dental cabinetry at no cost and the dental equipment at an affordable price.

The NLHD Board voted to appoint Board Chair, Nathan Church, to be the Board liaison

for the project.

Church has been very hands on throughout the building process. He has worked closely with Rich Krabill extending his help when needed. He was instrumental in planning the building layout, and has been very instrumental in the details of the building from the windows and doors to the placement of equipment. He has worked closely with Billy Effingham to be sure that the dentist office gets the best equipment for the most reasonable price.

All of the NLHD Board members, Daniel Miles, Tammy Oxenford, Jourdan Fildes, Deanna Roberts, and Nathan Church, should be commended for the hard work they put in to the dentist office project. It got off to a rocky start, and there were many hurdles, but soon the hard work will pay off and the doors will be open to accept dental patients.

Humane Society

OF
NORTH LAKE
COUNTY

For the past four years the team of Becky Tocol, Kathy Allen, and Karen Morgan have been organizing spay and neuter clinics for local dogs and cats in Christmas Valley and the surrounding area. We have also been behind the scenes helping local law enforcement with animal related incidents, taking on abandoned pets, housing lost pets, attending to hoarding situations, arriving on scene to assist when the pet owner has passed away and the pets need care or to be re-homed, and taking in pets when the pet owner has been transported to the hospital and caring for them until the owner is able to return home and resume caring for them.

In the Fall of 2023 we filed for nonprofit status and formed the Humane Society of North Lake County. We recruited Kim Ditsworth, a veterinary supply representative from Patterson Veterinary Supply, to join us on the Board. Kim is a licensed vet tech

and has been involved in the past working at our local spay and neuter clinics. Recently, we recruited another board member, Mary Quire. Mary is also a licensed vet tech and works part-time for the La Pine Veterinary Hospital. She and her husband recently moved to Christmas Valley.

The goal of the HSNLC is to have a facility to house and care for the animals that are surrendered, abandoned or lost. This facility will also have a veterinary suite complete with a surgery where veterinarians can come to use the facility for their clients and provide the HSNLC with spay and neuter services and vaccinations at a reduced cost. Currently, the pets are housed at a board members ranch and the only veterinarian that comes to the area on a consistent basis, Dr. Hally Miles-Moore, must work out of her vehicle or the Booster's building or the Community Hall when available. She is only able to neuter pets, as spays are major surgery and require a surgery set-up.

Our board is very grateful to the Humane Society of Central Oregon, Street Dog Hero's, Oregon Outback Humane Society, Dr. Hally Miles-Moore, Animal House in Lakeview, Dr. Julie Pickering and Dr. Gordon Pickering of La Pine Veterinary Hospital, Dr. Rod and Jessie Ferry of Lakeview Animal Hospital, Dr. Byron Maas of Bend Veterinary Clinic, and all of the wonderful volunteers that have helped us this year and over the past years. Your support has meant the world to us and to our community, we were able to exceed our goal of the number of low cost spays and neuters conducted this year all due to your support.

The board was able to do a bit of fundraising this past year, and plan to do much more fundraising and to pursue grants in 2025. We thank everyone that has donated to our organization this year.

We wish you a very Merry Christmas and a Happy New Year!

Kathy, Becky, Karen, Kim, & Mary

HALL AND THE NEW NET IS ASSEMBLED AND UP!**

**TO GET ALL THE INFORMATION YOU NEED ABOUT
SCHEDULING GO TO THE CHAMBER'S WEB PAGE
christmasvalleychamber.org
and click on PICKLEBALL**

**There you will find a calendar - updated every two weeks - of times
the hall is open for play.**

For now, just call 541-480-0753

**Soon we will have an interactive page on which players can
communicate, book a time, or find a playing partner.**

**BENEFITS OF PLAYING:
GETTING SOME EXERCISE - MEET NEW PEOPLE
AND
HAVE A GOOD TIME**

It may seem as if PICKLEBALL is a pretty new sport but the sport has actually been around nearly 50 years. In 1965 what began as an improvised game to entertain family and friends slowly grew into a game that is played world wide. People of all ages and walks of life enjoy this all-inclusive sport and you are invited to join in the fun.

Christmas Facts

- Each year, 25-30 million real Christmas trees are sold in the United States alone. There are about 15,000 Christmas tree farms in the United States, and trees usually grow for between four and 15 years before they are sold.
- In the Middle Ages, Christmas celebrations were rowdy and raucous—a lot like today's Mardi Gras parties.
- When Christmas was cancelled: From 1659 to 1681, the celebration of Christmas was outlawed in Boston, and law-breakers were fined five shillings.
- Christmas was declared a federal holiday in the United States on June 26, 1870.
- The first eggnog made in the United States was consumed in Captain John Smith's 1607 Jamestown settlement.
- Poinsettia plants are named after Joel R. Poinsett, an American minister to Mexico, who brought the red-and-green plant from Mexico to America in 1828.
- The Salvation Army has been sending Santa Claus-clad donation collectors into the streets since the 1890s.
- Rudolph, "the most famous reindeer of all," was the product of Robert L. May's imagination in 1939. The copywriter wrote a poem about the reindeer to help lure customers into the Montgomery Ward department store.
- Construction workers started the Rockefeller Center Christmas tree tradition in 1931.

Fun Facts About New Year's Eve and New Year's Day

- A lot of New Year's traditions surround the food we eat. For example, many cultures all over the world, not just the U.S., believe it's important to eat black-eyed peas on New Year's Day for good luck.
- Some believe that the first people you lay eyes on in the New Year will determine whether or not your year will be positive or negative. If that's true, I suggest you invite your best friends over for an early New Year's breakfast. That always ensures we start the year off on the right foot -- with friendly and positive people.
- In Holland, they eat donuts on New Year's Day because the round shape is believed to express a full circle of life from one year to the next.
- Many cultures make sure that no form of fowl is served on New Year's Day. That's because they believe it will mean the family will have to "scratch out" a living for the entire year.
- Many Orientals will eat sticky rice around midnight on New Year's Day to ensure a year of prosperity and good fortune.

- In Scotland, New Year's Day is often considered more important than Christmas. It dates back to the time of pagan festivals for the winter solstice.
- The ball dropped in Times Square on New Year's Eve is made from crystal (Waterford, to be exact). It weighs slightly more than one-half ton.

HAPPY NEW YEAR
