Fort Rock Sandals: The Oldest Surviving Shoes Circa 8500 to 7200 BCE

Image Source: pages.uoregon.edu

Sagebrush bark sandals from Fort Rock Cave, similar to specimens radiocarbon dated from 10,500-9,300 years old.

In 1938 American field archaeologist Luther Cressman of the University of Oregon found dozens of sandals below a layer of volcanic ash while excavating at Fort Rock Cave, located in a small volcanic butte approximately half a mile west of the Fort Rock volcanic crater in central Oregon. These sandals, named for the site where they were first found, were later reported from ancient deposits in several Northern Great Basin caves. They are the oldest surviving shoes.

"Most dated Fort Rock-style sandals are from Fort Rock Cave, but directly dated sandals of this type are also known from Cougar Mountain and Catlow Caves. Directly dated Fort Rock style sandals range in age from at least 10,500 BP to 9200 BP (based on dendrocalibrated radiocarbon ages). . Fort Rock sandals are stylistically distinct. They are twined (pairs of weft fibers twisted around warps), and have a flat, close-twined sole, usually with five rope warps. Twining proceeded from the heel to the toe, where the warps were subdivided into finer warps and turned back toward the heel. These fine warps were then open-twined (with spaces between the weft rows) to make a toe flap. Cressman surmised that a tie rope attached to one edge of the sole wrapped around the ankle and fastened to the opposite edge"

Fort Rock sandals are preserved at the University of Oregon Museum of Natural and Cultural History in Eugene, Oregon. In June 2014 a color image of one of the earliest Fort Rock Sandals was reproduced by the National Geographic from their September 2006 issue. The article stated that the sandal illustrated was worn by a native North American who lived in caves during the winter months and hunted in marshes in summer.

In Loving Memory

Terry Louise Turnbow

Terry Louise Turnbow passed away on Sunday, July 12th, at her home in Christmas Valley, with her beloved dogs by her side and she was surrounded by the people who loved her.

Terry was born on August 18th, 1954, in San Diego, California, to John and Ruth Hovious. Joining her sister, Gwen. She later moved with their family to Christmas Valley and began farming at what is now known as the Table Rock Ranch. She was one of the hardest working women around. Terry moved hand and wheel lines, drove tractors, bucked hay, and did whatever was needed. After attending Paisley High School, Terry pursued something different, returning to California to attend beauty school. She worked on an air force base and enjoyed her job cutting hair. Terry's daughter, Tasha, was born during this time.

Terry eventually moved back to Bend to be closer to her mother. Seeking a new career, she spent months going to R.L. Coats Construction, asking for a job. The owner kept telling her he wasn't hiring, but she eventually wore him down and was hired. She thrived in her new role and worked for the company for many years.

Terry and Larry, who had known each other in high school, reconnected while working at the same rock crusher. They were married on November 22nd, 1985, and would have celebrated their 40th wedding anniversary this year. He was her "Baby Boy," and she was his "Sweet Girl."

Terry later worked at the newly opened North Lake School, doing all the landscaping and keeping the grounds in top shape until she was no longer physically able. She also kept busy caring for the park for John Flowerree, a job she loved and was very happy doing.

Terry was a master woodworker, building all the cabinets and much of the furniture in the home she shared with Larry. She also enjoyed working with old barn wood, creating beautiful pieces for others. She loved to look for old homesteads in hopes of finding a vintage bottle or other treasure, often saying she was born in the wrong time.

She will be missed by many.

Terry was preceded in death by her father, John, her sister Gwen, and her nephew J.D. She is survived by her husband, Larry, daughter, Tasha, her mother, Ruth, her brother, Steven, her nephew, Jesse, and her dogs, Willie and Scruffy.

A memorial service will be held on Saturday, August 9th, 2025, at Flowerree Park at 1:00 p.m. Burgers and hot dogs will be provided. Please bring a lawn chair.

WHAT ARE THE SIGNS & SYMPTOMS OF A STROKE ?

MEN & WOMEN

symptoms can include:

- Sudden numbness or weakness in the face, arm, or leg, especially on one side of the body
- Sudden confusion, trouble speaking, or difficulty understanding speech
- Sudden trouble seeing in one or both eyes.
- Sudden trouble walking, dizziness, loss of balance, or lack of coordination.
- Sudden severe headache with no known cause

The stroke treatments that work best are available only if the stroke is recognized and diagnosed within 3 hours of the first symptoms. Stroke patients may not be eligible for these treatments if they don't arrive at the hospital in time.

If you think someone may be having a stroke, act F.A.S.T. and do the following test:

F—Face: Ask the person to smile. Does one side of the face droop?

A—Arms: Ask the person to raise both arms. Does one arm drift downward?

S—Speech: Ask the person to repeat a simple phrase. Is the speech slurred or strange?

T—Time: If you see any of these signs, call 9-1-1 right away.

Note the time when any symptoms first appear. This information helps health care providers determine the best treatment.

Do not drive to the hospital or let someone else drive you. Call 9-1-1 for an ambulance!

Creativity, Community and Connection with the North Lake Foods and Fun 4-H Club

The North Lake Foods & Fun (Art and Photography) club members have had a busy 4-H season diving into projects like ceramics, cookie decorating, flower arranging, painting, animal photography, and so much more. We were messy, colorful, creative—and honestly just focused on having fun. This year we welcomed local artists who volunteered their time and often supplies to lead various projects. We started our year with a Cookie Decorating Class, which was open to the public and hosted by a local baker, Cheyanne Housden. We then collected food items and various winter necessities to build “Blessing Baskets”, which we boxed up and delivered to (10) families in the Fort Rock, Silver Lake and Christmas Valley communities. Our Blessing Baskets touched the lives of over 27 adults and children. We next dove into ceramics, where we learned how to roll slabs of clay, smooth the edges, and shape them into plates and bowls. Once the ceramics were fired, we glazed them and will get to enjoy them for years to come.

The next month, guest photographer Amber Warkentin hosted a photography workshop, where we focused on photographing animals - getting down low, looking for the right light, and being patient to catch that perfect shot. We learned a lot about timing and how even a muddy pig or a chicken mid-squawk can look like a work of art with the right angle. And then came flower arranging, with special guest artist, Lindy Simmons. We were all surprised at how calming and fun it was. The kids got to pick flowers and greenery and arrange them in their own style. Everyone's bouquet turned out totally different, but they were all beautiful in their own way. This club isn't just about crafts. It's about accepting each other's unique ideas and differences, connecting with talented artists in the community and building both life skills and cool projects to enjoy and gift to others. Look for some of our projects to be on display at the Lake County Fair over Labor Day weekend.
